

Muratex Textile Machinery Ltd. to Showcase Innovative Solutions at JEC World 2025

Istanbul, 17 December 2024 – Muratex Textile Machinery Ltd., a pioneer in the textile machinery industry, is excited to announce its participation in JEC World 2025, taking place from March 04-06, 2025, at the Paris Nord Villepinte Exhibition Centre, France.

At JEC World, Muratex will present bespoke composite lamination machinery and solutions that push the boundaries of textile production. This year's focus will be on how advanced technologies can enhance productivity and sustainability within the textile sector.

Event Highlights:

- **Machinery:** Attendees will have the opportunity to explore our latest machinery designed to optimize textile production processes, ensuring efficiency and quality.
- **Sustainable Practices:** Muratex will demonstrate its commitment to sustainability with innovative technologies that reduce waste and energy consumption, aligning with industry efforts to foster environmentally responsible production.

“Muratex is proud to be a part of JEC World 2025 and to showcase our innovations that are transforming the textile machinery landscape,” said Murat Cetin, CEO of Muratex Textile Machinery Ltd. “We invite industry professionals to visit our booth, engage with our experts, and discover how our solutions can meet their manufacturing needs.”
