

Retain Exhibitors, Increase Show Revenue

Exhibit Sales Roundtable | June 26th, 2025

POWERING 60 OF THE TOP 100 US TRADE SHOWS

Let's talk!

- ▶ ▶ ▶ How data can help you to sell exhibit space and sponsorships
- ▶ ▶ ▶ Benchmarking, predictive financial pacing, exhibitors at risk and retention
- ▶ ▶ ▶ External predictive measures in forecasting
- ▶ ▶ ▶ Attendee interaction and how that can impact future sales

How are you using data?

How are you using data
on a weekly basis to
predict where you'll end
up on show site?

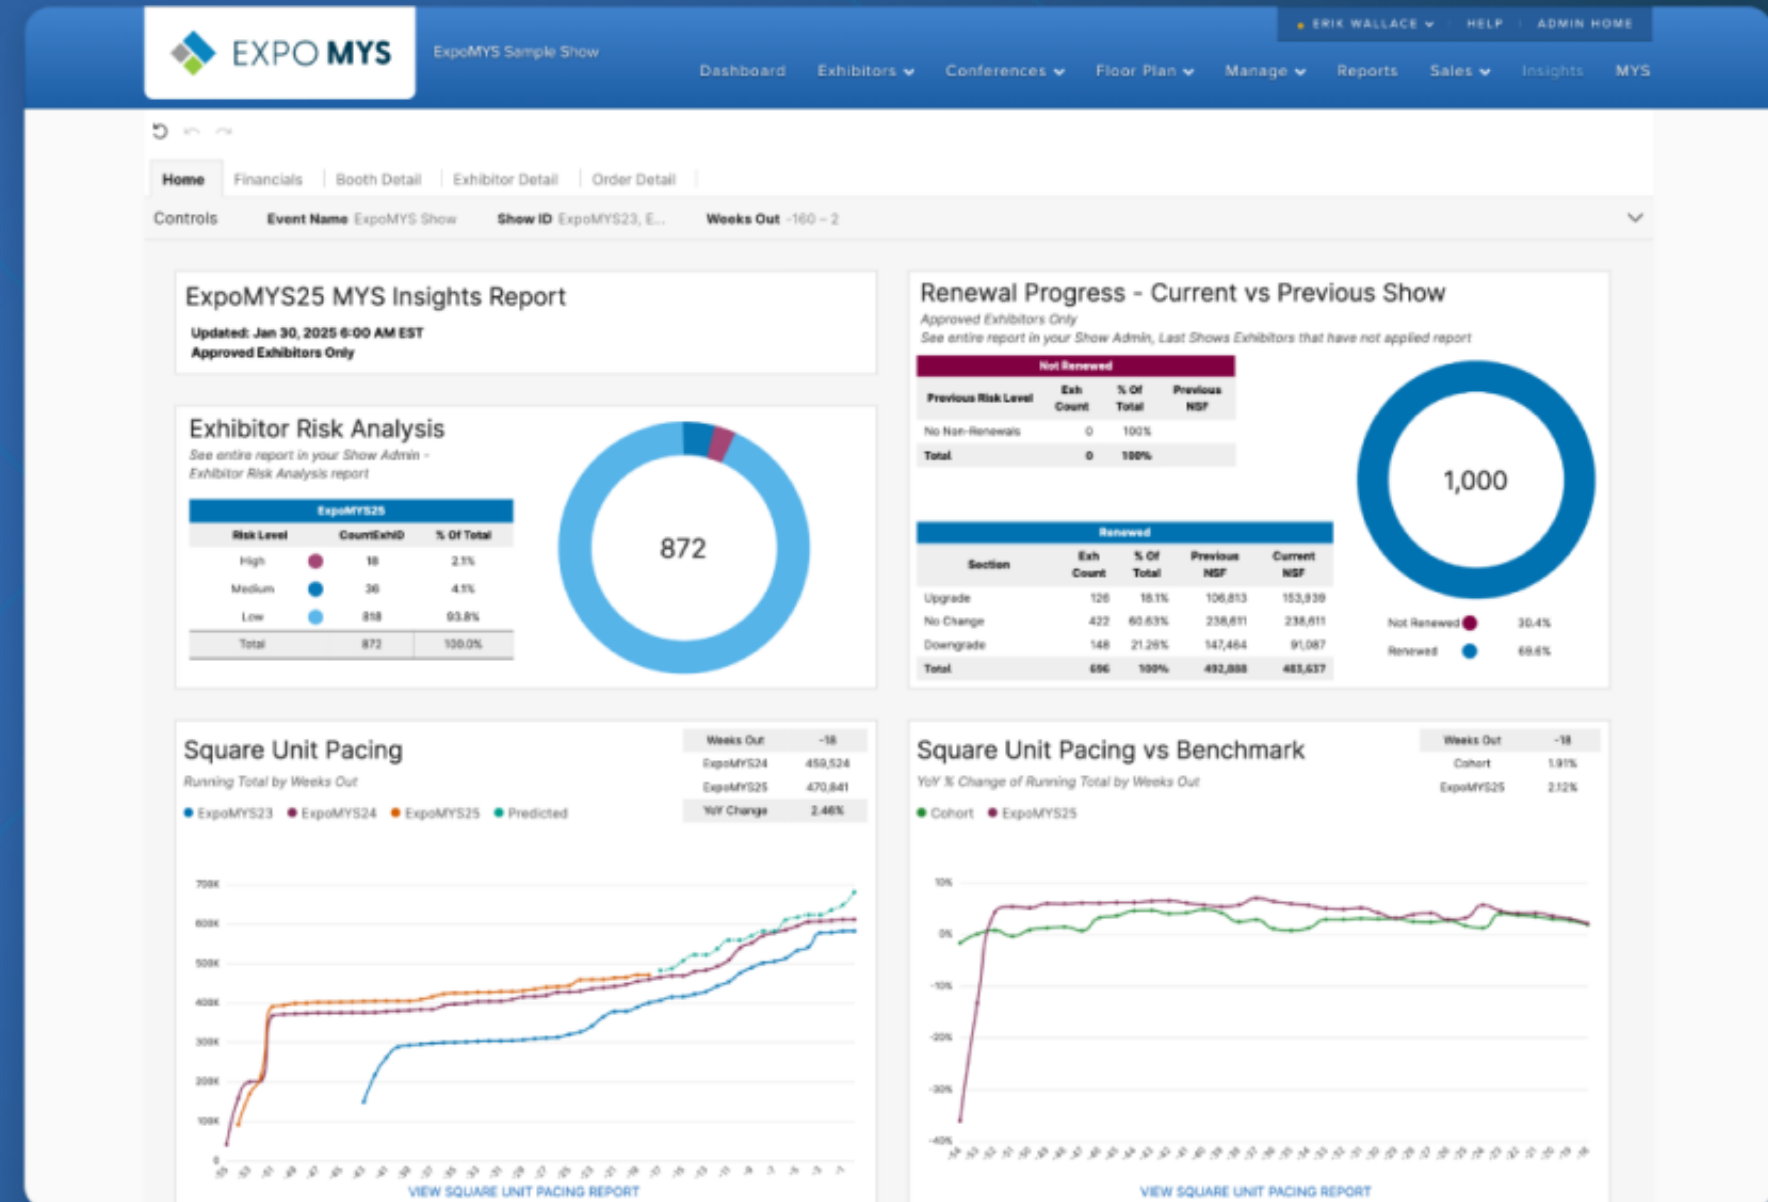

Insights

Data Science + Machine Learning Models based on previous show cycles

Predictive Measures:

- World Governance Indicators
- GDP History and forecasts
- S&P 500 Index history
- Inflation and unemployment history and projections

Exhibitor Risk Analysis

Exhibitor Risk Analysis

Exhibitor Risk Analysis report

RiskCategory		CountExhID	% Of Total
High	●	228	15.3%
Medium	●	478	32.1%
Low	●	781	52.5%
Total		1,487	100.0%

What to look for?

- Lower click rates compared to other exhibitors
- Did not renew their package
- Low logins/minimal activity to the Exhibitor Resource Center
- Lower leads than exhibitors of similar booth size
- Multi-Year reduction in the size of their booth from their previous exhibit space
- No longer a member
- No product categories
- Ordered over 4 weeks later than last show
- Overall spend with the show reduced
- Profile description empty

Takeaways

- ▶▶▶ You have the data, use it!
- ▶▶▶ How you position your event, and your sponsorships matter now more than ever
- ▶▶▶ The importance of the interactions of your exhibitors and attendees
- ▶▶▶ The industry might be in a somewhat bumpy state but face-to-face is still the answer

THANK YOU
