Fastener Fair Italy 2020 postponed

3rd Exhibition for Fastener and Fixing Technology to take place from 10 – 11 November 2021 at Fiera Milano City in Italy

Mack Brooks Exhibitions has today announced the postponement of Fastener Fair Italy, which was scheduled to be held at Fiera Milano City from 11 – 12 November 2020. The event will now be scheduled to take place 10 – 11 November 2021. This decision was taken after extensive conversations with exhibitors and partners over recent weeks and months who have expressed their preference not to hold the show in November of this year, in light of the ongoing Covid-19 crisis.

Speaking about the announcement, Nicola Hamann, Managing Director of Mack Brooks Exhibitions, said: “We are all aware that this year has been a challenging one for both the exhibitions and fastener and fixing industries. Many events have had to be postponed to next year due to the Covid-19 pandemic and ongoing travel restrictions, with many of our participants unable to attend the event this year. We therefore, in close coordination with all partners involved, have decided to reschedule Fastener Fair Italy to November 2021 and are pleased that we have maintained our usual November dates.”

The Fastener Fair Italy Team will communicate closely with customers and partners over the coming weeks and months and thank their exhibitors, partners, suppliers and visitors for their support during this challenging time.

Fastener Fair Italy is part of a series of targeted trade events for the fastener and fixing industry, including Fastener Fair Turkey, Fastener Fair India, Fastener Fair France, Fastener Fair Mexico and Fastener Fair USA. Fastener Fair Stuttgart, Germany, is the global flagship exhibition of the Fastener Fair brand.
