UFA, Inc. to Showcase Innovative Vehicle and Airside Driving Solutions at GSE Expo Europe 2024

Burlington, MA, July 16, 2024 – UFA, Inc., a pioneer in Air Traffic Control and Airport simulation training, is excited to announce its participation in the upcoming GSE Expo Europe 2024 in Lisbon. At this key industry event, UFA, Inc. will showcase its latest advancements in vehicle and airside driving products, designed to enhance operational efficiency and safety in airside operations.

This year, UFA, Inc. will unveil a new lineup of cutting-edge solutions, including the next-generation Airside Vehicle Simulator and Pushback technology, which is integral to optimizing ground support and air traffic control training. These products represent the forefront of technological innovation and are tailored to meet the specific needs of airside operations at busy airports.

"We are thrilled to demonstrate our commitment to excellence and innovation in airside operations," said Jacob Harrison, Sr. Director of Sales at UFA, Inc. "Our participation at the GSE Expo Europe is a fantastic opportunity to connect with industry leaders and showcase how our products can transform everyday airport operations into models of efficiency and safety."

Visit us at booth #C41 to experience firsthand how UFA, Inc.'s products are setting new standards in the industry.
