

PRESS RELEASE

Paragon Carpet Tiles to exhibit at Clerkenwell Design Week 2022

Paragon Carpet Tiles, a market leading manufacturer of commercial carpet tiles, is exhibiting at this year's Clerkenwell Design Week, taking place from the 24th-26th May.

The company will be showcasing its product range at **stand CV10**, in the 'Covered' exhibition venue, conveniently placed in the bustling Charterhouse Square area of Clerkenwell.

The company's array of design-led carpet tiles will be on display, with specific focus on its design loop ranges (including Inspiration Collection, Total Contrast, Strobe and Vapour), all of which are developed to create an aesthetically pleasing finish to modern environments, whilst remaining extremely hardwearing, with the functionality and durability to perform in the toughest of settings. With installations including offices, education, retail and the housing sector, there is a Paragon carpet tile for every application.

Area sales manager Neal Harris, from Paragon Carpet Tiles, will be available across the three days to advise on Paragon's extensive range of carpet tiles, chat to you about your upcoming projects, and discuss current design trends in the flooring sector.

Clerkenwell Design Week showcases a huge variety of leading UK and international brands and companies in a series of showroom events, exhibitions and special installations that take place across the area. With over 100 resident showrooms, an array of exhibitors and local practices taking part, CDW has firmly established itself as the UK's leading independent design festival and annually attracts the international design community to the area for three days of exciting events.

Whatever requirement visitors have at the show, there is almost guaranteed to be a solution provided by Paragon Carpet Tiles.

To learn more about Paragon's extensive range of design-led carpet tiles, visit www.paragon-carpets.co.uk, or contact the sales team via email at sales@paragon-carpets.co.uk or by calling +44 (0) 1709 763800.
