

Tonalite at Clerkenwell

Design Week 2025

Tonalite brings an explosion of innovation and creativity to Clerkenwell 2025 with its new collections. New formats and a wide range of colors are designed for unique and distinctive spaces. Each collection tells a story, intertwining reflections and shades, multiplying design possibilities through coordinated series.

The new collections feature finishes that rediscover the authentic charm of ceramic tradition and are enriched with a wide color palette, particularly emphasized in small formats. The most exclusive novelties include a series of collections inspired by tradition: **Alfa, Beta, Gamma, Delta, Epsilon, Omega, Textura and Zeta**. These collections mark a return to the origins of ceramic research, highlighting material and the interaction between texture and color. With finishes ranging from raw cement to glossy effects, these series celebrate essential and contemporary design, ideal for spaces that demand understated and sophisticated elegance.

Alfa and Zeta

Size: 10x40 cm - 4"x16" | 15 colors

A wide color palette ranging from neutral tones to vibrant hues, in a versatile format that lends itself to multiple combinations. The **Alfa** collection highlights the striped structure inspired by raw cement, enhanced by its matt finish. Ideal for customizing modern spaces with a touch of refinement and style.

The **Zeta** collection offers the same shades in a matt finish and smooth surface. Two series perfect for architects and interior designers to create unique and original layout and design solutions.

Gamma and Omega

Size: 10x40 cm - 4"x16" | 14 color A wide color palette ranging from neutral tones to vibrant hues, with a textured surface that evokes a material quality. A versatile format enriched with a glossy finish. These are the key features of the **Gamma** series, perfect for numerous combinations to personalize modern spaces with a touch of sophistication and style.

Size: 15x30 cm - 6"x12" | 14 colors The base design blends with the glaze, creating unique

and unusual surfaces. **Omega** tiles lend themselves to tonal play in the installation, thanks to both tone-on-tone and contrasting grout lines for unique and character-filled spaces.

Delta

Size: 15x30 cm - 6"x12" | 17 colors The **Delta** collection is characterized by its matt surface, which recalls the material movement of raw cement. Materiality and color are designed to create spaces with a strong visual impact.

Epsilon and Beta

Size: 10x40 cm - 4"x16" | 14 colors The **Beta** collection enhances the tones and material quality of the surface, enriched by the reflections of the glossy finish. The stripes play with the glaze, offering unexpected shades, perfect for original installations.

Size: 15x30 cm - 6"x12" | 14 colors With a glossy finish and a texture that mimics the striped look of cement, **Epsilon** combines design and materiality, perfect for contemporary spaces with bold character.

Textura

Size: 15x15 cm - 6"x6" | 10 colors The **Textura** collection enhances the tones and material quality of the surface, enriched by the reflections of the glossy finish.

Nottingham

Size: 4.7x37.4 cm - 2"x15" | 8 glossy colors This collection celebrates the urban and contemporary design of London, with glossy surfaces and unique textures that make every space vibrant and dynamic.

Frame

Sizes: 15x15 cm - 6"x6" | 4 glossy colors The **Frame** collection plays with raised frames and textured surfaces, adding depth and personality to each project, with visual effects that highlight the design.
