

WE'RE EXHIBITING AT CLERKENWELL DESIGN WEEK 2025

COME AND SEE WHAT'S NEW!

We're thrilled to announce that Edmund Bell will be exhibiting at Clerkenwell Design Week 2025, one of the UK's most exciting celebrations of design, creativity, and innovation. Join us from Tuesday 20th to Thursday 22nd May at Stand CG6 on Clerkenwell Green – right in the heart of London's vibrant design district.

As a leading supplier of high-performance fabrics for commercial interiors, we're bringing our full contract fabric range to the show – offering something for every project and every space.

Discover Our Complete Fabric Portfolio

We'll be showcasing our full range of blackouts, dimouts, and sheers – designed with both function and style in mind. Whether you're specifying for hotels, workspaces, healthcare settings, or public sector projects, our fabrics combine visual appeal with practical performance: light control, privacy, acoustic benefits, flame retardancy and more.

You'll find bestselling favourites and popular core ranges – along with brand new innovations for 2025.

Introducing Maverick & Evolve – Two Bold New Blackouts

We're especially excited to launch two brand new blackout fabrics: Maverick and Evolve. These striking new additions push the boundaries of both performance and design – offering modern, trend-led colours and the technical excellence you expect from Edmund Bell.

Notably, Maverick is made using recycled yarns, supporting our commitment to more sustainable product development. It delivers total light exclusion and acoustic benefits with a beautifully soft finish – proving that environmental responsibility doesn't mean compromising on style or function.

A First Look at Eastern Traveller

Also debuting at Clerkenwell is our newest print collection, Eastern Traveller. Inspired by traditional craftsmanship and global design influences, this versatile collection blends cultural motifs with a contemporary edge – ideal for bringing pattern and personality into commercial interiors.

Why Visit Us at Clerkenwell?

With its unique mix of architecture and creativity, Clerkenwell is home to more designers and architects per square mile than anywhere else in the world – and Clerkenwell Design Week is the perfect place to connect, explore, and get inspired.

Whether you're working on a new project or just looking for fresh fabric ideas, come along to Stand CG6 on Clerkenwell Green to meet the Edmund Bell team, discover our latest launches, and explore the full breadth of what we offer.

We look forward to seeing you there!
