

Extremis team up with Wagstaff & Umbrella

From Tuesday 20 May to Thursday 22 May, CDW takes over the creative heart of London—and we're thrilled to be part of it again! This year, you'll find the full Extremis experience at the vibrant showroom of Wagstaff & Umbrella Furniture, where workplace well-being takes center stage. You'll also spot some of our pieces at the new Orangebox showroom at Tiller & Lock (250 City Road, London EC1V 2AB).

Blowing away the boundaries of the workspace

Working in the open air means recharging, re-energizing, and soaking up some much-needed vitamin D. Sunshine draws us to outdoor workspaces for the benefits it brings, but it can also present a few challenges, like screen glare or sunscreen-slick hands that slip off the keyboard. However, with the right solutions, we can overcome these hurdles and fully enjoy the perks of outdoor work. At our Clerkenwell booth, you'll see how our 'tools for togetherness' help create comfortable, productive outdoor work environments, whatever the weather.

On Display

AMAI is the ultimate desk for the 'boundaryless' office: standing up or sitting down, indoors or outdoors, an effortless lunch or a focused brainstorm session with colleagues? AMAI is a landing place for togetherness, adapting instantly to every new experience!

With Panigiri and Manille, our latest additions to the range, we offer picnic tables that adapt to the outdoor space. Manille is an outdoor table that offers practicality, easy transport and fun. Step up your game with the Manille picnic table!

From a cozy setting for four to a sprawling table for twelve, with its unique design and practical features, Manille is sure to pull the right card.

Panigiri seamlessly combines intelligent design with a hospitable ambiance: an invitation to share moments with colleagues, family or friends. Panigiri's modularity ensures there's a seat for everyone, allowing table segments to be endlessly coupled. By combining chairs, benches and add-on chairs, you create the setting of your desire.
