ercol Marino Chair

L.Ercolani Upholstered Butterfly Chair

Reprise Upholstered Chair

Manufacturing British handcrafted furniture for over 100 years, ercol Furniture takes immense pride in the brand's heritage and is admired for its rich history and pioneering spirit. Specialising in solid wood furniture, craftsmanship and quality, the brand is synonymous with its signature mid-century collections as well as an award-winning portfolio of contemporary ranges crafted for modern living.

High quality standards and reliability have been at the heart of the company since it was founded in 1920 and is extracted from the company's intrinsic understanding and knowledge of solid wood. Steam bending and woodturning are one of the many profound techniques that are used within the company's Buckinghamshire factory, which has been implemented since mid-20th century.

Within recent years, ercol has extended its family of brands by introducing L.Ercolani. Conveying a timeless familiarity by working alongside international designers to create a warm minimalist aesthetic. Creating furniture in ercol's Buckinghamshire factory, all of L.Ercolani pieces are suitable for the hospitality and contract environment.

In addition to this, 2023 will announce the exciting development of the partnership with Grown in Britain (GiB) working together to tell the story of UK homegrown timber to retailers and the general public, through re-establishing a new supply chain of ash timber supplied to make Marino Chairs. In collaboration with Grown in Britain (GiB), the Marino Chair will now experience a new persona made using sustainable homegrown British timber. ercol Contract will launch the Marino Chair in GiB timber at the London-based event alongside many contract favourites from L.Ercolani including the Reprise Upholstered Chair and the Upholstered Butterfly Chair.
