MURASPEC INTRODUCES NEW OAKWOOD

Capturing the pure rawness and natural beauty of aged bark, Oakwood has been carefully created by hand as an artwork in the studio, before being produced in our manufacturing facility as a readily available wide width wallcovering.

With the added benefit of durability and built-in antimicrobial protection, this luxurious wide width wallcovering will stand the test of time on looks and performance in all applications.

OAKWOOD is available in 8 organic colours. View this elegant oakwood design at www.muraspec.com
