

GRESHAM

## THE KLYRO RANGE PRESS RELEASE

### **Gresham reminds us that commercial furniture can be stylish and elegant, as well as functional.**

The Klyro Family is the latest addition to the Gresham portfolio, featuring a new range of lounge and meeting chairs to suit every hospitality and workplace environment.

Perfect for hotels, workplaces, and meeting spaces where luxury, comfort, and contemporary style are the keywords.

For receptions, lounges, or breakout rooms, the Klyro Family comprises armchairs in high wing-back and low-back options. Two-seat sofas compliment the range, giving additional options for room layouts or creating defined areas.

Using dark or light wood bases gives the Klyro Family the versatility to fit into a traditional or contemporary design. The crisp, two-tone upholstery offers further design flexibility with a wide range of colours to complement any interior design scheme.

Craft an air of stylish serenity and calm in a dynamic workplace with the Klyro meeting chairs, which are available with wooden or metal, fixed or swivel bases.

All of the materials used in the Klyro Family are 100% recyclable, in line with Gresham's commitment to environmental sustainability and reducing carbon emissions.
