Laylah Holmes, Founder & Creative Director at Holmes Bespoke says: *"I'm a huge fan of stair runners, I feel they really bring life to an entrance hall, especially in London where they are often the first thing you see when you walk through the front door. All of our collections can in fact be installed as a stair runner, however the Louie is designed specifically for the stairs, I am really excited to showcase this special collection for the first time at Clerkenwell this Spring."*
