William Hands are proud to present  
Gordon Russell. [Gordon-Russell.com](http://Gordon-Russell.com)

Over the past year the Brand has gained  
a real following and we are proud to  
have delivered and installed many truly  
beautiful installations for our customers.

On our stand within the Project tent we  
will be displaying our new Thesis table  
with inset rotating server against our  
trademark radial pattern. We welcome  
you all to come and see the quality for  
yourself.
