MARINA

The sobriety and serenity of the Marina design make this range of sofas and armchairs the perfect complement for waiting rooms or lounge areas.

It's safe to say that soft seating and informal collaborative spaces are playing an increasingly important role in offices. Besides functionality and dynamism, other concerns such as aesthetic suitability and comfort are also borne in mind.

The Marina range therefore includes modern, thoughtful features with extensive detailing and colour finishes.

This family integrates silently into any environment, even the domestic setting. At once silent and artistic, it also has an enveloping metal band design that has inspired a matching low table as a complement, which is ideal for furnishing executive spaces or image-intensive cafeterias.
