

Pattio

A Forma 5 brand

ABRIL

Abril is a family of seats with a polypropylene shell that was created to meet the needs of the most diverse work environments, be they meeting rooms, cafeterias, informal areas or training rooms.

Its timeless design, and its natural, welcoming geometries reveals a style that is both extraordinary and casual. Versatility, handling and comfort are the three foundations stones of this functional family. The combination of the pieces in its structures results in a dynamic, plural and aesthetically-coherent product.

The seats form different bases and shells in perfect harmony with Pattio's chromatic possibilities. This perspective makes the customisation of the Abril range an inexhaustible source of approaches, visions, dispositions and attitudes.

Its delicate lines easily adapt to any need or environment. Its organic essence, which can take the form of a chair or stool, allows the seat shell to be completely naked, with the biscuit upholstered or covered entirely in one of the multiple fabrics.
