

## FLOORING WITHOUT LIMITS

### THE NEW COLOSSAL COLLECTION FROM HAVWOODS

Pairing practicality with the extraordinary, Havwoods is delighted to launch Colossal – the brand's newest collection of wood flooring that challenges the everyday.

A spectacular range of larger-than-life planks, Colossal is Havwoods' biggest flooring offering spanning up to an impressive 15 metres in length and 50cm in width. Sawn from the entire length of a tree trunk, these breath-taking FSC (FSC-COO9500) Certified Timber planks offer wall-to-wall flooring with no end joints resulting in a truly seamless flooring solution.

Providing six stunning colourways to choose from, the new collection is durable, robust and extremely hardwearing thanks to its beautiful and rustic brushed finish.

Comprised of 3 layers, each board is 20mm thick and is created with a 4mm top layer of European Oak which is then secured to a 12mm ply core, and then further enhanced with a 4mm oak balancing layer beneath for extra stability and strength. Homeowners can choose between the starting size of 220mm width boards, up to 500mm width boards for those that want to make a true impact in their homes.

Going above and beyond for their customers, Havwoods' up-to-the-minute product offering, collection of showrooms and bespoke customer service sets the benchmark for superior quality and sustainable flooring.
