

## **Franklite introduces its Anniversary Edition**

Filled with a number of new product ranges including many statement pieces, Franklite launched its Anniversary Edition at Maison & Objet. Although not the first time exhibiting in Europe, this was the first time Franklite exhibited at the decoration and lifestyle industry's most highly publicised event in Paris.

With an exquisite collection of statement pieces which include the Victoria, Cleopatra, Celestial and Icicle ranges. Delicate and unique designs adorned with crystals and glass which subtly refract the light. These opulent fittings are available in various sizes. Often paired with their matching wall lights, these ranges are perfectly designed for luxury interior settings.

The Chime is a sleek cylindrical LED pendant in a brushed brass or brushed bronze finish with black braided cable suspensions. Using multiple pendants in one space makes quite a statement as featured in this hotel reception.

Suitable for interior and exterior use is the Frost aged brass finish wall lights. The LED light source illuminates the clear artisanal cast glass projecting a beautiful pattern on the wall.

The Tudor is a contemporary range of chandeliers. The impressive ring design in matt black finish is available in three sizes and includes a matching wall light.

Ranges such as Mezcla and Refract allow clients to mix and match from single and multi-drop suspensions in a choice of finishes with a selection of various glass options creating fittings to suit any interior.
