

Low maintenance sisal in a sophisticated stripe

Premium Sisal Pinstripe (EasyClean yarn)

Following the success of our Premium Sisal Boucle (EasyClean yarn) collection, **fibre** has now added a classic pinstripe design to the range.

Premium Sisal Pinstripe made from EasyClean yarn, has a pre-applied stain resistant treatment added during the manufacturing process, making it the most stain resistant sisal available. It prevents household spills from setting for up to an hour, including notorious culprits such as coffee and red wine.

Simply absorb the liquid with a clean dry cloth, then dab with a slightly damp cloth and the flooring maintains its unblemished appearance.

With a class 33 wear rating, this range is not only highly stain resistant, but strong and durable. Ideal for a domestic setting, it now opens the door to high-end commercial use too, where practical flooring options are as important as the overall aesthetic.

Available in three colourways; Athenaeum, Brooks, and Carleton. These chic combinations of complementary yet contrasting hues not only create a visually stunning contrast but also seamlessly harmonise with other natural materials used in the overall design of a space.

Julian Downes, MD of **fibre**, comments: "Sisal is a hugely popular choice for flooring, even more so in recent years as we all become increasingly environmentally conscious. This new collection is not only hardwearing but benefits from an unrivalled stain resistance for the inevitable spills which come with a busy domestic or commercial setting."

Premium Sisal Pinstripe (EasyClean yarn) is available as broadloom in 4m width and also as bespoke rugs and stair runners. For more information and to order free samples, visit www.fibreflooring.com
