

LASTING BEAUTY FOR ELEGANT FLOORING DESIGNS

Eleganza and **Belleza** collections from Artisan Luxury Flooring are the ideal solution for projects where beauty and luxury need to go hand in hand with performance.

Both ranges have been designed using a micro-engineered polyester, a fibre recognised for being inherently stain and fade resistant. This versatile yarn not only offers durability, and softness but also stain resistance, water resistance, and ease of care.

Eleganza's deep-pile carpet lives up to its name by offering a silk-like quality; a floor covering which is soft to touch and sumptuous under foot. Offering a generous 11mm pile height, Eleganza will bring finesse and a sense of indulgence to any room.

Bellezza offers a denser, heavier pile weight option in a sophisticated more de-lustred colour bank. This urbane floorcovering is tactile yet robust and is the zenith of this fabulous and versatile fibre.

Available in seven colourways, Eleganza and Bellezza are manufactured to withstand high traffic, with a heavy domestic (Class 23) and light to medium commercial wear certification. The carpet is hypoallergenic and has been rewarded the Gold Standard in the Indoor Air Comfort Certification, the benchmark of VOC emission standards.

About Artisan Luxury Flooring

Artisan was founded by our three directors; Julian, Raymond & Klaas who draw on decades of industry expertise and have a wealth of experience in the luxury flooring market. With offices and warehouses in the UK & Europe and manufacturing plants across three continents offering customers a truly global service.

Working with select retail partners, interior designers, architects and specifiers. Providing the trade with creative and stylish floor coverings coupled with an unparalleled level of service.

Our floor coverings are specified in high end residential, hospitality and luxury commercial settings. Through careful consultation we strive to understand our customers' needs, adapt to them to, ensuring every project big or small exceeds expectations.
