PRESENTS: RECHARGE  
CLERKENWELL DESIGN WEEK  
21- 23 MAY

This year for Clerkenwell Design Week, Viaduct presents 'Recharge' - a curation of furniture and lighting that encourages creativity and new energy in the workplace. Envision calming break out areas with cool-toned tiles, juxtaposed with with sculptural, statement pieces.

Taking place in their light-filled showroom, Viaduct will highlight products designed to support wellbeing and productivity through a range of example zones, including hot desking, pop-up office, restaurant and lounge areas. Various materials, textures and colours combined with gentle silhouettes work simultaneously to create idyllic, airy spaces. Statement lighting complimented by high ceilings and industrial windows enhance the refreshing aesthetic of the overall space.

Featuring products from Very Good & Proper, Resident, 101 Copenhagen, Wendelbo and Arco, Viaduct will also be celebrating new releases from designers Sabine Marcelis, Estudio Persona and Jonas Wagell.

# VIADUCT

PRESENTS: RECHARGE  
CLERKENWELL DESIGN WEEK  
21- 23 MAY

The Viaduct showroom will be open from 9:30-18:00 during CDW. Drop by to experience the different breakout spaces or RSVP to one of our [events](#) to enjoy refreshments and explore the new collections with our friendly team.
