

PRESS RELEASE: Moventi Launches Re-Upholstery Service to Extend Furniture Lifespan and Reduce Waste

Bristol, UK – 12th December 2024

Moventi, a rising name in the workplace furniture industry, is proud to announce the launch of their new re-upholstery service, designed to help businesses and individuals extend the lifecycle of their task and soft seating. This initiative aligns with Moventi's commitment to sustainability by reducing waste and conserving valuable resources.

The re-upholstery service offers a practical solution for furniture showing signs of wear and tear or requiring a refresh to match updated branding or design aesthetics. Moventi's expert craftsmanship breathes new life into worn-out seating by replacing the fabric, ensuring it retains its functionality and visual appeal. By addressing the natural aging process of upholstery, Moventi helps customers maximize their investment while contributing to a more sustainable future.

"At Moventi, we recognize the importance of reducing waste and conserving resources in today's world," said Lloyd Hamilton, Managing Director at Moventi. "Our re-upholstery service is not just about restoring furniture; it's about creating a meaningful impact by extending the life of products and helping our customers align with their sustainability goals."

Moventi's re-upholstery service is uniquely inclusive, accommodating furniture from any manufacturer, not just Moventi's own designs. This flexibility ensures a broad range of customers can benefit from the service, regardless of their existing furniture brands. Whether it's revitalizing task chairs in an office or refreshing soft seating in hospitality or public spaces, Moventi's service offers a cost-effective and environmentally friendly alternative to replacement.

By choosing Moventi's re-upholstery service, customers not only enhance their spaces but also play a vital role in promoting sustainability. This initiative demonstrates Moventi's dedication to offering forward-thinking, eco-conscious solutions that meet modern demands for quality and responsibility.

About Moventi:

At Moventi we love what we do. Driven by the demands of the ever-evolving workplace, we believe product design requires a holistic approach. We challenge each development project from many different angles to ensure we bring you designs that are aesthetically and operationally delightful.

We make it our duty to remain close to the emerging trends of working environments and the activities that are carried out within them. This means we can design, develop, and deliver products that are exceptional in both form and function, giving you the edge in the market.

We continually invest in new innovations and products based on a thorough understanding of how the modern working environment advances. We love creating delightful experiences for our customers, we love designing and manufacturing great products and perhaps more than anything we love having fun while we do it. We are a team of happy, friendly, excitable and, possibly, slightly random individuals on a simple mission to make buying furniture as easy and enjoyable as possible for our customers.
