# MURASPEC UNVEILS NEW WALLCOVERING DESIGNS FOR COMMERCIAL INTERIORS: PATINA STONE, LUXOR, AND ORPHEUS

Muraspec, a company with a heritage dating back to 1850, is delighted to introduce three stunning new designs—Patina Stone, Luxor, and Orpheus—expanding the cherished Union collection. Each design is expertly crafted to meet the evolving needs of commercial interiors, offering both timeless elegance and exceptional durability.

Patina Stone transforms spaces with its rich, natural aesthetic inspired by the beauty of stone and concrete. The soft lustrous finish evokes the aged elegance of weathered surfaces, adding subtle depth and dimension to any room. Whether used for a bold feature wall or to envelop an entire space, Patina Stone brings an artisan-quality, sophisticated look that enhances interiors with a refined touch.

Similarly, Luxor and Orpheus also bring sophistication and versatility to commercial spaces. Luxor blends matte tones with soft metallic accents, evoking the luxurious feel of fine textiles. The design’s intricate detailing and smooth finish make it perfect for creating dynamic, elegant environments. Orpheus, on the other hand, combines natural elegance with tactile texture, offering a range of shades from rich matte tones to delicate metallics, adding a layer of refined sophistication to any space.

Each of these designs offers unparalleled performance, with a fire rating of Euroclass B, full washability, and IMO ratings, ensuring the highest standards of safety, cleanliness, and durability across various commercial sectors. With the ability to withstand the demands of high-traffic areas, all three designs are perfect for corporate offices, hospitality, retail, and even marine or transport environments.

Muraspec’s commitment to quality is further reflected in the company’s UK-based manufacturing, ensuring the finest craftsmanship and the shortest lead times in the industry. The ability to order next-day samples also allows specifiers and designers to make swift, confident decisions for their projects.

With over 170 years of experience, Muraspec continues to lead the industry, offering wallcoverings that marry aesthetics with performance. Explore the new Patina Stone, Luxor, and Orpheus designs—part of the iconic Union collection—and elevate your commercial interiors with the trusted name in wallcoverings.
