A Landmark Occasion: Ecoscape UK's Flagship London Showroom Revealed At Clerkenwell Design Week

Ecoscape UK is proud to announce the opening of its very first showroom at 82 Clerkenwell Road this May, marking an exciting new chapter for the brand. Launching in line with Clerkenwell Design Week, the space has been thoughtfully designed to showcase Ecoscape's innovative, sustainable surface solutions in a setting that inspires creativity, connection, and contemporary outdoor living.

Years in the making, this milestone represents a significant step forward for Ecoscape UK. Known for its commitment to high-performance, environmentally conscious materials, the brand has built a strong reputation within the design and landscaping industry. The new showroom brings this vision to life—offering a dedicated environment where architects, designers, and homeowners can experience the quality, versatility, and aesthetic appeal of Ecoscape's collections first-hand.

More than just a showroom, the space has been created as a hub for collaboration and inspiration. Visitors are invited to explore a curated selection of decking, cladding, and outdoor solutions, all designed with durability, sustainability, and modern living in mind.

"Clerkenwell Design Week gives us the opportunity to showcase what sustainable outdoor design really looks like when it's brought into a physical space. At Ecoscape UK, we're focused on materials that balance performance, longevity and environmental responsibility, and this showroom allows us to demonstrate that in a hands-on, meaningful way. It's about moving beyond specification and letting people experience the detail, quality and thinking behind every product we create."

Gary Farrell, Director

Debuting at the Centre of Design: Ecoscape UK Enters Clerkenwell Design Week

Timed to coincide with Clerkenwell Design Week, the launch places Ecoscape UK at the heart of one of the UK's most influential design festivals. Synonymous with innovation and creativity, Clerkenwell attracts leading architects, designers, and industry voices from around the world. This provides the perfect platform for Ecoscape to introduce its showroom and demonstrate how sustainable materials can elevate contemporary spaces without compromising on style.

Ecoscape UK continues to push the boundaries of outdoor design, combining technical performance with refined aesthetics to support the way we live today. The Clerkenwell showroom invites visitors to discover a new standard in outdoor living—where sustainability, design, and functionality come together effortlessly.

The Ecoscape UK showroom officially opens on 19th May at 82 Clerkenwell Road. Designers, specifiers, and homeowners are invited to step inside, explore the collections, and experience the future of outdoor surfaces.

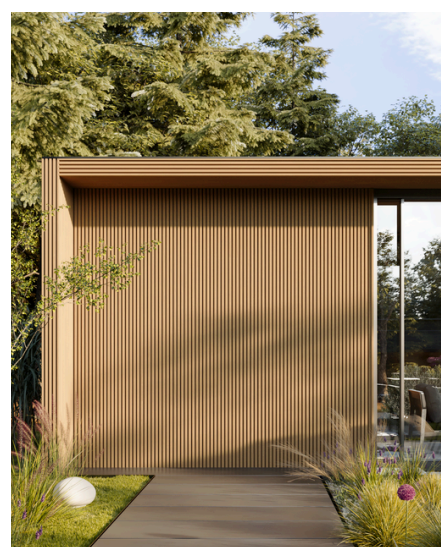

ABOUT ECOSCAPE UK

Ecoscape UK is at the forefront of sustainable outdoor solutions, specialising in high-performance wood-plastic composite (WPC) products that combine durability with refined design. Based in Greater Manchester, the company offers cladding, decking, and fencing that is ethically sourced, low-maintenance, and built to endure the UK climate, providing surfaces that are both practical and enduringly elegant.

Every product is designed to complement modern architecture, offering clean, layered, and tactile surfaces that elevate outdoor spaces while remaining understated and timeless. With a focus on longevity and responsible sourcing, Ecoscape UK provides designers, architects, and homeowners with materials that allow creativity to flourish, while ensuring every outdoor project is both considered and sustainable.

"Built on years of expertise in sustainable composite design, our Clerkenwell showroom is a considered, design-led environment that brings the full Ecoscape UK collection into focus — a space for architects and designers to explore material, form and application in a way that reflects both innovation and intent."

~ Callum Garvey, Head of Technical Design
