

Buster + Punch x GROHE SPA: The Seamless Bathroom Collection Designed to Empower Architects and Designers

- Union of two design leaders makes it effortless for architects and designers to create cohesive bathroom spaces
- Fully integrated bathroom concept where fixtures, hardware and lighting align in finish, detailing and design aesthetic
- Seamless bathroom concept was unveiled at the World Architecture Festival (WAF) in Miami

Born from a shared vision to make it effortless for designers and architects to create beautiful, cohesive bathrooms, Buster + Punch x GROHE SPA introduces a comprehensive collection that delivers unmatched quality and effortless style. The union of two iconic global brands brings premium solid metal hardware and lighting to the world of water in this exclusive release at the World Architecture Festival in Miami.

The synergy of GROHE SPA's "Wellbeing Through Water" and Buster + Punch's unmistakable solid metal aesthetic results in a curated bathroom collection that combines hardware, detailing, and precision brassware in a singular design language. A designer's toolkit for creating refined, unforgettable interiors, the cohesive solution includes a full suite of plumbing fixtures, cabinet hardware, lighting, wall switches, dimmers, and outlets.

"To elevate your look in spas, wet rooms, and bathrooms, it's essential to combine detailing, brassware, and lighting in one seamless finish. This is the key reason this collaboration is so powerful – it's a creative toolkit that levels up these spaces effortlessly."

– Massimo Buster Minale, Founder & Creative Director, Buster + Punch

As part of its signature launch, the collaboration debuts with GROHE SPA's Brushed Warm Sunset finish, perfectly matched by Buster + Punch across a range of exclusive cabinet and door hardware, lighting plus toggles, dimmers, USB charging ports, and duplex outlets. In addition, more of GROHE SPA's existing finishes – Phantom Black, Brushed Cool Sunrise, and Supersteel – are already available within Buster + Punch's complete core ranges.

“This collaboration is born from a shared obsession with colour, material, and finish – every surface, every detail considered to elevate bathrooms and redefine expressive interiors. Recognising that designers and architects often struggle to create perfectly coordinated interiors across different brands, we combined Buster + Punch’s bold craftsmanship with GROHE SPA’s expertise in water and experiential luxury to offer a fully integrated suite of products where every element aligns, with nothing left to compromise. The result is a space that invites emotional interaction and turns bathrooms into immersive experiences.”

– Paul Flowers, Leader, LIXIL Global Design & Brand Identity, Chief Design and Brand Officer & Executive Vice President.

Leaning on GROHE’s technical innovation and Buster + Punch’s bold aesthetic, this collaboration sets a new benchmark for premium bathroom design – executed with absolute precision.

The Buster + Punch x GROHE SPA collection launches during the World Architecture Festival, held at the Miami Convention Center on November 12–14, 2025. The complete collection will be available through GROHE SPA and Buster + Punch authorised dealers.

Notes to Editors

Included in this collaboration are Buster + Punch’s signature hardware, light switches, and lighting, all perfectly colour-matched to GROHE’s bathroom fixtures in Brushed Warm Sunset. Tonally, Brushed Warm Sunset has a rich, deep finish that pairs beautifully with darker colour and material combinations such as stone, marble, and timber. For designers and architects, the range makes it effortless to specify GROHE finishes and extend the look throughout projects using Buster + Punch’s matching hardware, switches, dimmers, lighting, and accessories. This collaboration exists to simplify specification and elevate results – every detail, from brassware to lighting, has been designed to work seamlessly together.

About Buster + Punch

Buster + Punch is the disruptive London design label turning everyday fittings into unforgettable design icons. Rooted in custom motorcycles and London’s subculture, the company was founded in 2013 by renowned architect Massimo Buster Minale. With an obsession for craftsmanship, the brand uses rare solid metals and precision engineering to create everything from cabinet and door hardware, switches, dimmers, and outlets to lighting, kitchen faucets, and bespoke furniture – designed to elevate any space. Buster + Punch is a supporting member of *Be Original Americas*, advocating for the cultural and environmental value of authentic design.

About GROHE

GROHE is a leading global brand for complete bathroom solutions and kitchen fittings. Since 2014 GROHE has been part of the strong brand portfolio of LIXIL, a manufacturer of pioneering water and housing products. In order to offer “Pure Freude an Wasser”, every product is based on the brand values of quality, technology, design and sustainability.

The brand offers life-enhancing product solutions as well as services with its dedicated portfolios GROHE QuickFix, GROHE Professional and its premium sub-brand GROHE SPA. All cater to the specific needs of GROHE’s professional business partners and their differentiated target groups.

With water at the core of its business, the brand contributes to [LIXIL’s Impact Strategy](#) with a resource-saving value chain: from CO₂-neutral* production, the removal of unnecessary plastic in the product packaging, all the way to water- and energy-saving product technologies such as GROHE Everstream, a water-recirculating shower.

*Includes CO₂ compensation projects, more on grohe-x.com/sustainability
