

Go gently into spring

Your home is the place where you can truly relax. Soft and gentle colours, natural materials and sustainable choices are ideal for creating a wonderfully calm atmosphere for your interiors. Lundia's spring collection is designed to complement and enhance your existing decor to create new looks that are as sustainable as they are uplifting.

Fuuga Cashmere – understated, sophisticated charm

The muted sandy tones of our latest addition, the Fuuga Cashmere, bring a sense of subtle elegance and understated luxury to your interiors. Made in Finland, the Fuuga Cashmere sideboard is available in two heights. The sideboard can be wall-mounted for an airy feel, or you can opt for a freestanding look with a variety of leg options.

Elevate your style

You can now elevate the look of your Lundia Fuuga with the addition of a composite stone top. A vibrant terrazzo top is an of-the-moment feature that will bring your Fuuga shelving unit to a whole new level. The new feature top is suitable for installation on new and existing units alike. The composite stone tops are locally made in Ryttylä, Finland.

Lundia launches long-awaited Classic wall shelf

This spring, Lundia is announcing the launch of a new wall shelf, a long-awaited addition to its Classic collection.

The new wall brackets for a Classic shelf are now available in a black and white design. The shelves and the brackets are available separately and as a set. The brackets are suitable for both the 22 cm and the 30 cm deep shelves and offer a sustainable new use for any Lundia Classic shelves. They were designed by Janita Isotalo, creative designer at Lundia.
