

# DREAM GARDENS

UNLOCK YOUR GARDENS TRUE POTENTIAL

# OUTDOOR LIVING 365 DAYS A YEAR

Whether you are looking to create a place to chill, a place to grill or a place to entertain, it all starts with an Outdoor Living Pod™. From closed roof to open at the touch of a button the Outdoor Living Pod™ allows you to **make the most of your outdoor space, whatever the weather.** No other terrace canopy offers the same flexibility and possibilities as the Outdoor Living Pod™.

## DESIGNED, ENGINEERED & BUILT TO LAST

Our all-weather pergolas, awnings and external blinds, are **proudly UK manufactured at our modern 30,000 sq/ft production facility in Sudbury, Suffolk**, by highly skilled craftsman and state of the art machinery to your exact specification and the very pinnacle of precision.

## TRANSFORMING OUTDOOR SPACES INTO AMAZING PLACES

At our 2,500 sq/ft Dream Gardens Showsite, adjacent to our production facility in Suffolk, discerning homeowners and businesses can **discover the superior features and benefits of our award-winning range of louvered pergolas, branded Outdoor Living Pods.**

In collaboration with the leading brands in the outdoor living sector, our 5 luxurious show gardens, each equipped with a different model Outdoor Living Pod™ are set up to inspire and help you create your own dream garden.

**It's time to lift the limits on outdoor living.**

Our team look forward to welcoming you.

**CLASSIC LITE  
OUTDOOR LIVING POD™**

Our Classic Lite Pod offers **exceptional value for money on the highest quality set sized louvered pergola on the market.** With its streamline aluminium framework, motorised waterproof louvered roof and customisable with a range of options, this model is a firm favourite on the terrace.

Built to order in less than 2 weeks!

Our innovative Deluxe + Pod is a new era in pergola design, combining a fixed roof of glass with an adjacent roof of opening louvers. The rotating louvers allow you to play with light and shade for the perfect setting and when closed, lock together to form an entirely weatherproof covering. A host of options guarantee a comfortable space throughout the year.

Our Prestige Pod is our top of the line pergola featuring a **louvered roof that not only rotates but also fully retracts** providing total flexibility on how you want to enjoy your outdoor space. Rotate the louvers upto 90 degrees, stopping them at the desired position for precise shade, retract the roof completely open for full sun or close the roof for total shelter.

# LIGHTING PERGOLA & FEATURE

Lighting within and surrounding a pergola is not only practical, allowing the outdoor space to be used long into the evening but brings your garden to life. Providing ambience and warmth, **the right balance and intensity of lighting will create a magical oasis of calm**, giving you unforgettable evenings, night after night.

# PERGOLA CHECKLIST

# NOTES

- Is the pergola made to measure?** A bespoke pergola tailor made for you, will perfectly fit your application and meet your specific needs and requirements.
- Do the pergola roof louvers fully rotate?** Louvers that rotate through 150° will ensure complete control of the sun, irrespective of the time of day and position of sun in the sky.
- Is the pergola framework and louvers constructed from aluminium?** Extruded aluminium is both corrosion resistant and highly durable, able to stand the test of time.
- Is the pergola framework reinforced?** Internal steel supports that stand tall inside the uprights ensure structural rigidity for even the busiest and most demanding of environments.
- Is the pergola hardware powdercoated to Qualicoat standard, seaside class?** This is the highest level of powdercoating, ensuring colour appearance and longevity, even in extreme locations.
- Are all pergola fixings integrated within the framework?** Concealed base plates (feet) inside the uprights along with hidden bolts that hold the framework together provide an elegant finish.
- Is the guttering concealed within the framework?** Internal guttering is not only visually pleasing but provides an effective drainage of water from the roof through the selected uprights.
- Does the pergola feature Somfy brand electronics?** World leaders, Somfy motors and controls are ultra-reliable, use a secure radio transmission with outstanding range and app control.
- Does the pergola come with a comprehensive guarantee?** A quality pergola is an investment and should be backed with a parts & labour inclusive guarantee for complete peace of mind.
- Is the pergola Made in Britain?** A UK manufactured pergola guarantees the product has been built to and meets the highest quality and safety standards.
