

ILEKTRO SERIES

By Paul Agnew Designs

Elegance, Innovation, Design.

PAUL AGNEW | DESIGNS

Paul Agnew Designs is an internationally recognised manufacturer and supplier of luxury gas, wood and electric fireplaces. With decades of industry experience and premium end-to-end service, Paul Agnew Designs is a trusted supplier of the industry's most advanced, unique and elegant heating solutions.

We practice what we preach and will inspire our clients to enjoy every aspect of their fireplace. Great products should have great design, we put all of our efforts into delivering both. 'Good enough' isn't enough. We aim to provide our customers with the highest quality across all of our products and services.

EMBRACE THE FUTURE OF ELECTRIC FIREPLACES

Welcome to the world of ilektrö by Paul Agnew Designs, where cutting-edge technology meets unparalleled elegance. ilektrö redefines the traditional fireplace experience of being just a fixture within your home, but instead provides a transformative experience that blends expansive design and state-of-the-art features.

Conceived from the ground up with meticulous attention to detail, ilektrö is a product of extensive research and development, resulting in an electric fireplace that redefines expectations.

INNOVATION

The ilekto Series encapsulates an immersive experience, delivering instant heat combined with a hyper-realistic flame pattern which brings a new level of sophistication to your living space. But it's not just about aesthetic appeal; the ilekto Series is engineered for efficiency and convenience, echoing our commitment to creating products that are as functional as they are striking. By embracing electric fireplaces, homeowners and builders alike can reduce their environmental impact, lower carbon emissions, and contribute to a cleaner future.

Ilekto Fireplaces represent a positive step towards a more eco-friendly building industry that prioritizes both comfort and environmental responsibility. As consumers increasingly recognize the importance of sustainable living, these innovative heating solutions are set to become an integral part of the eco-conscious homes of tomorrow.

CUSTOMISATION AND FEATURES

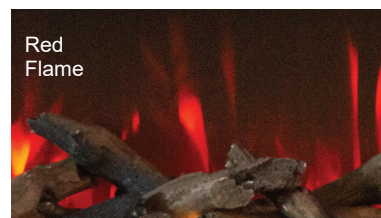

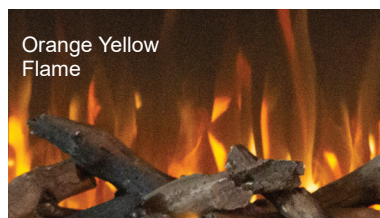

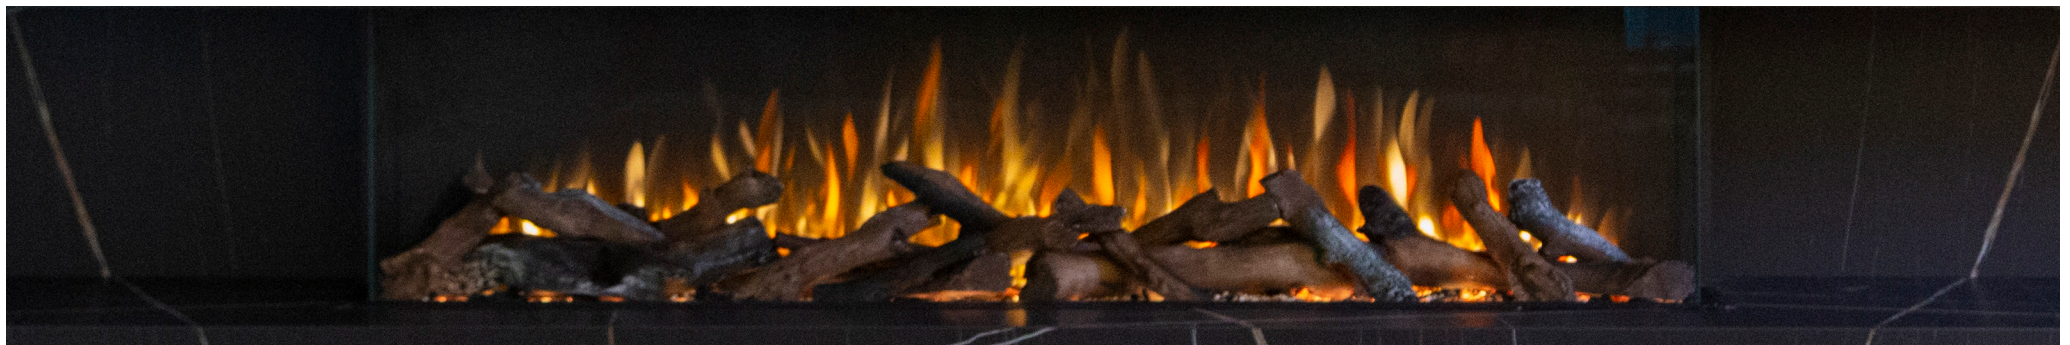

Our ilekto electric fireplaces allow you to enjoy the comfort of a warm, inviting fire without the hassle of traditional wood or gas fireplaces. They're easy to install, require minimal maintenance, and can be controlled with just the push of a button or app functionality.

With 5 ultra realistic flame patterns, a choice of 11 fuel bed colours as well as pulsating options to give you the effect of a burning fuel bed and 11 top lights colors to choose from, there is an option to suit any mood.

Experience convenience with the ultra-quiet fan heater. Set the ambience with adjustable audio, replicating the soothing sound of a crackling fire. Adjustable flame speed gives you complete control over every aspect of your fireplace.

-  **HIGH DEFINITION**
-  **OPTIMAL CONTROL**
-  **SOUND EFFECT**
-  **REMOTE HANDSET**
-  **APP CONTROL**
-  **THERMOSTAT**
-  **OPTIONAL EXTRAS**
-  **WARRANTY**

Two different logs options gives you the ability to set the scene of your fireplace.

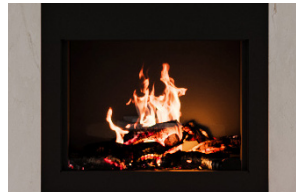

A STYLE FOR EVERY HOME

From sleek wall-mounted models to classic free-standing units, the ilektro range has a design to suit every taste and décor. Our fireplaces are available in a variety of sizes and styles, allowing you to choose the perfect centerpiece for your living space.

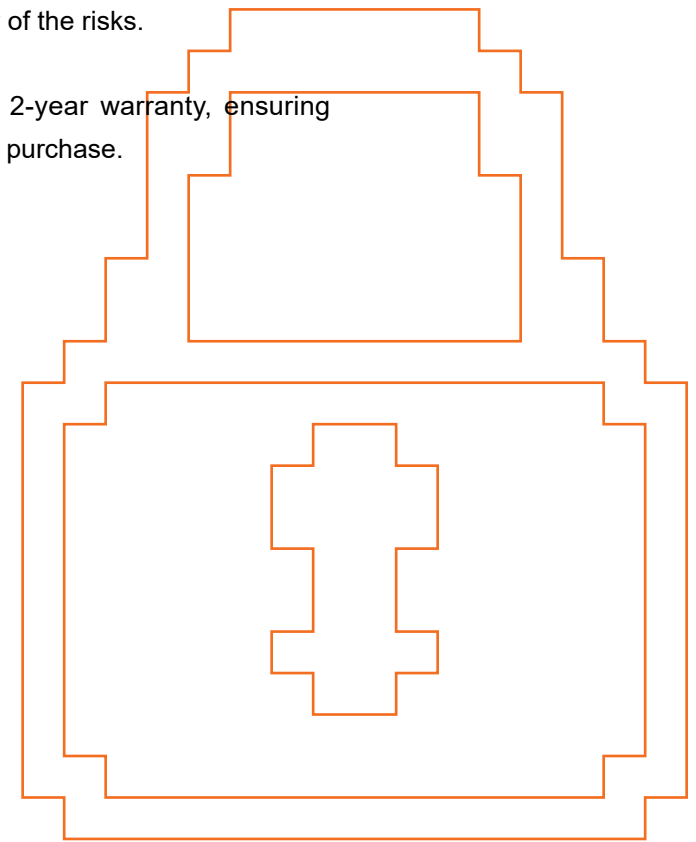

The ilektro Series includes the Aspect Series, designed to complement modern or traditional timber and marble mantles, and the Linear Series, which ranges in sizes from 950mm to 2600mm in length. These units offer a modern fireplace look that resembles a modern gas fireplace.

SAFETY FIRST

All ilektro electric fireplaces are designed with safety in mind. They feature automatic shut-off and overheat protection. With ilektro, you can enjoy the ambience of a real fire without any of the risks.

Rest assured with our 2-year warranty, ensuring peace of mind with your purchase.
