

OUR VALUES

SUSTAINABILITY

We are privileged to share Earth's finite resource and will constantly strive to minimise our environmental impact. We will work with our customers, our suppliers and experts to find innovative solutions of which we can be proud.

CUSTOMER FOCUS

Our world revolves around our customers, their needs are our priority. We will never leave a customer wanting. From concept to safe installation, we are on the same team.

SAFETY

Safety is our uppermost priority, in our workplace and in our products. Lives depend on it. It is non-negotiable. We are committed to ensure that every product exceeds duty cycles demanded. They will be safe by design.

RELIABILITY

We will always deliver what we promise and do what we say. Integrity, dignity and respect are standards by which we will be held to account. Together with our customers, we are a team.

QUALITY

Quality is more than a by-word at Oaklands, it is a way of life; a passion. We will strive to continuously improve ourselves, our processes, our workplace and our products.

FRIENDLINESS

Our roots are in a family business, and we relish the openness and warmth of that environment. We always take our obligations seriously
