ABOUT

Greeny Company is one of the Greeny Holding companies and a pioneer in the Middle East in many industries including agriculture, farms, construction and foods manufacturing.

Greeny Company is part of Greeny Holding. It was established in 2019 with its headquarters in Ismailia city. The company initially specialized in agricultural venture, reclaiming 1000 acres of fertile soil and cultivating them with a wide variety of strawberries, potatoes, mangoes, broccoli, cauliflower, green beans, and citrus

Greeny Company expanded every year in more areas through increasing the plantations in three main areas: Ismailia, Salhia, Alexandria

Today, Greeny is the biggest grower, producer and exporter of frozen & fresh fruits and vegetables in the world with an annual production capacity of 15000 tons subject to an annual increase of 25%.

Greeny farms include a wide variety of fruits and vegetables .

Greeny is exporting more than 5000 tons out of its production while the rest is being sold in the local Egyptian market

MISSION :

Our mission is to create superior value for customers, employees..

This will be achieved by a focused and dynamic approach to our corporate goals of:

- 1- Professionalism in doing business
- 2- Concentrating on our customers, employees.
- 3- High quality products and services
- 4- Regional and international recognition

VISION :

We are seeking to be the leading foods investments corporation in agriculture and its derivatives, locally, regionally and internationally.

We will consistently achieve a strong financial performance mainly reflecting on expansion our agricultural and food chain investments by providing quality products and services to our clients, through a blend of advanced modern systems & technologies and a motivated, professional workforce; driven by respect, commitment, partnership, and innovation.

OUR VALUES :

The approach to achieving our Company Goals is based on the following values that are at the core of Greeny Holding :

- 1- Honesty: Ensuring we work & communicate transparently with trust & integrity among our Customers, Employees, Stakeholders and Shareholders
- 2- Professionalism: Dedicated, responsible & accountable for doing the right thing at the right time in the right way
- 3- Protecting People & the Environment: Supporting ethical ventures in our communities through environmentally sustainable resources & methods
- 4- Collaboration & Innovation: Creating new and improved solutions to support and empower our Customers, Employees, Stakeholders and Shareholders to achieve our shared goals
