2025

At Qualiko, we deliver high-quality, fully Halal-certified poultry designed for efficiency, consistency, and great taste in both UK foodservice and retail. Backed by MHP, one of the world's leading poultry producers, we ensure full traceability, superior standards, and customer-driven solutions that help chefs, QSRs, wholesalers, caterers, and retailers meet their needs with confidence.

As a vertically integrated company, MHP controls every stage of poultry production—from feed cultivation to processing and distribution. This seed-to-plate approach guarantees unmatched quality, food safety, and supply reliability, ensuring you get a trusted product, every time.

With a commitment to innovation and sustainability, MHP is transforming into a culinary-driven business, developing new products, services, and distribution channels that align with the modern foodservice landscape.

From raw cuts to coated and cooked solutions, our poultry range is designed to save time, reduce waste, and deliver consistent results.

## WHY CHOOSE QUALIKO?

### SEED TO PLATE QUALITY

With full control over production, we deliver consistent, high-quality poultry with full traceability.

### INDUSTRY-LEADING FOOD SAFETY

All MHP sites follow HACCP and BRCGS Food Safety Certification, ensuring strict compliance with UK and international standards.

### CUSTOMER BUSINESS DEVELOPMENT APPROACH

We work with foodservice operators to create tailored solutions that drive growth and efficiency.

### COMMITMENT TO ANIMAL WELFARE & SUSTAINABILITY

Our farms and feed production sites are Global G.A.P. certified, meeting the highest welfare, environmental and traceability standards.

# Drumstick meat

## The CBD Approach – Supporting Category Growth with Strategic Solutions

Our partnership with one of the UK’s leading kebab manufacturers highlighted a key challenge: rising costs were making it difficult for our customer to compete with smaller manufacturers focused on aggressive pricing.

Through close collaboration, our CBD Manager identified an opportunity to replace the traditional boneless skin-on leg meat with a more cost-effective, leaner product: **Qualiko Boneless Skin-on Drumstick Meat**. This strategic shift resulted in significant raw material cost savings, without compromising product quality.

Thanks to these savings, the customer was able to reinvest in business growth, leading to a remarkable threefold increase in orders.

Discover the MHP difference – and let us help you drive category growth with tailored solutions.

### Skinless /Skin on

Rich leg meat, endless applications.

Our boneless leg meat offers a perfect equilibrium or rich taste and balanced costs. By keeping the richness of the thigh alongside the leaner, lower cost drumstick cut, this solution is ideal for both manufacturing and professional kitchens alike.
