Microbiological Sterilization

No added Preservatives

Hygienic Processing Plant

WE VALUE QUALITY AT EVERY STAGE OF FOOD INTERACTION

All the stages in process are subjected to strict Quality Control where both human and mechanized handling efficiency are measured. Mandatory internal food tests are conducted by experienced food technologist both in the in-house as well as NABL Accredited labs. The in- house lab has been developed as per international food safety standards along with a system for periodic quality control report to ensure no deviation in taste and quality. There are quality control processes for the brine and syrups which ensures the right saline composition on consistent basis. Microscopic details, such as PH level, are supervised at each progressive stage.

It has been our company motto ever since Austin's establishment in 2014. This motto serves as a guiding principle to everyone affiliated at Austin from ground staff to our management team. we aspire to provide service, support and quality that our associates deserve, from farmers who cultivate our precious crops to the customers who eagerly await the fine taste of our food products.
