

Lantic

ÉRABLE  MAPLE

World's Largest Supplier of 100% Pure Maple Syrup

Lantic Maple: A Global Leader in Maple Excellence

Lantic Maple Inc. is a proud member of the Lantic Inc. family, a trusted name in the Canadian sweetener industry for over 135 years. Formed through the strategic merger of four renowned maple syrup bottlers—LB Maple Treat (Granby), Decacer (Dégelis), Les Produits de l'Érable du Grand Nord (St-Honoré-de-Shenley), and Highland Sugarworks (Vermont)

Today, we proudly hold approximately 25% of the global maple syrup market, exporting over 50 million pounds annually to more than 58 countries. Our mission is simple: to deliver premium-quality maple syrup and maple products to consumers around the world.

Our product portfolio includes a wide variety of maple syrup, maple sugar, flakes, and spreads—each crafted to showcase the authentic taste of Canadian maple. With a commitment to quality, innovation, and sustainability, Lantic Maple continues to set the global standard for excellence in maple products.

Lantic Maple has grown to become the world's largest supplier of maple syrup.

Experience the Taste of Tradition with Our Premium Maple Products

Maple syrup has been a cherished Canadian tradition for generations, and its global popularity continues to grow. We proudly offer a wide range of pure maple syrup products in various grades and formats—perfect for every taste and application. From classic maple syrup to maple sugar, flakes, and more, our diverse product line celebrates the versatility of this natural sweetener.

We also provide expert private labeling services, guided by our knowledgeable product specialists, to help elevate your brand—all under one trusted company.

For food service professionals, we offer convenient formats including 1 L and 4 L bottles. We're always innovating! New maple syrup formats are in development—contact us to learn more.

For food manufacturers, our maple syrup is available in industrial totes, barrels, plastic pails, and metal containers—designed to meet the demands of large-scale production.

Uncompromising Quality and Safety Standards

At Lantic Maple, quality and safety are at the heart of everything we do. Our bottling facilities operate under the highest industry standards and are proudly certified by BRCGS, and ECOCERT for organic production. They are regularly inspected by the CFIA and meet Halal, Kosher, non-GMO, and gluten free certification requirements.

We undergo frequent audits and assessments by independent certification bodies—and consistently exceed performance benchmarks. Ensuring our customers receive maple products that are both safe and responsibly produced.

Driving Innovation in Maple Production

At Lantic Maple, innovation is a key pillar of our growth and leadership in the global maple industry. Through strategic investments in advanced manufacturing technologies and product development, we continue to enhance efficiency, quality, and versatility across our operations. Our commitment to innovation allows us to respond quickly to evolving market demands and deliver cutting-edge maple products—while maintaining the authenticity and purity our customers expect. While the specifics of our processes remain proprietary, our results speak for themselves: consistent excellence, scalable solutions, and a forward-thinking approach to maple production.

Sustainability and Responsibility

At Lantic Maple, we strive to be a trusted partner, a great place to work, and a smart investment—driven by a best-in-class portfolio of premium natural sweetener solutions. Our success is rooted in the **values we live by every day**, both within our organization and in collaboration with our partners.

Our values guide every decision we make

SAFETY

OUR EMPLOYEES

CUSTOMERS

OUR COMMUNITY

EXCELLENCE

INTEGRITY

SUSTAINABILITY

Sustainability is a cornerstone of our identity, shaped by transparency, accountability, and meaningful action. Through our evolving Sustainability Program, we continuously assess and refine our priorities, strategies, and goals to ensure long-term impact and improvement.

Environment

At Lantic Maple, environmental stewardship is built into the way we govern and operate. Our robust management systems ensure full compliance with environmental regulations, while our commitment goes far beyond meeting standards.

We've identified key environmental priorities that guide our sustainability efforts and shape our long-term strategy:

CLIMATE ACTION

OPERATIONAL WASTE REDUCTION

WATER MANAGEMENT

SUSTAINABLE PACKAGING SOLUTIONS

These focus areas reflect our dedication to minimizing our environmental footprint and continuously improving our practices for a healthier planet.

Governance

At Lantic Maple, we believe effective governance is the foundation of strong leadership and long-term success. Our commitment to responsible business practices ensures that we operate with integrity, accountability, and transparency across all levels of our organization.

Our governance priorities include:

Robust Governance Structures

Ethical and Transparent Business Practices

Board Equality and Independence

ESG-Linked Executive Compensation

Cybersecurity and Data Protection

These focus areas reflect our dedication to building a resilient, inclusive, and forward-thinking organization—one that earns the trust of our employees, partners, and stakeholders every day.

Social

At Lantic Maple, our vision is rooted in creating a positive impact on everyone our business touches—from employees and suppliers to customers and the communities where we operate. We believe that social responsibility is not just a priority—it's a promise.

Our key focus areas include:

- *Health & Safety*
- *Food Safety*
- *Human Rights*
- *Equality, Diversity & Inclusion*
- *Employee Wellbeing & Development*
- *Community Involvement*

We foster a workplace culture that values people, promotes fairness, and encourages growth—while actively supporting the communities that support us.

Responsible Sourcing

A resilient and ethical supply chain is essential to our success. The sourcing of maple syrup depends on both a thriving natural environment and strong local communities. That's why our Responsible Sourcing Program is built on principles of integrity, transparency, and sustainability.

The primary focus areas in our Responsible Sourcing program are:

- Ethical and Sustainable Sourcing
- Traceability & Monitoring
- Certification / Verification

By working closely with our suppliers and partners, we ensure that our ingredients are responsibly sourced, our practices are transparent, and our impact is positive— every step of the way.

Global Reach, Seamless Distribution

At Lantic Maple, our products travel far and wide—exporting over 50 million pounds of maple syrup annually to more than 58 countries across the globe. Our extensive market coverage reflects the growing international demand for premium Canadian maple products and our ability to deliver with consistency and care.

Behind this reach is a dedicated logistics team and a robust network of trusted carriers and distribution partners. Whether it's bulk shipments for manufacturers or retail-ready formats for global markets, our supply chain is built for reliability, flexibility, and speed—ensuring our customers receive the highest quality maple products, wherever they are.

Client Benefits

Choosing Lantic Maple means choosing reliability, quality, and global expertise. Our clients benefit from:
