Our Story

LLC Maisi 2020 was founded with the mission of crafting healthy, sugar-free products from Georgian fruits and vegetables. We strongly believe that the gifts of nature should be used wisely. As a result, we create natural products from handpicked fruits and vegetables sourced from Georgian farmers.

Our factory is located in Natakhtari, Georgia, an area famous for its high-quality water. This exceptional water source and raw material quality contribute to the exquisite taste and uniqueness of our products.

About Georgia

Georgia, a country in the South Caucasus is strategically located at the crossroads of Europe and Asia. Georgia has active Free Trade Agreements with a Market population of 2.3 billion (Including EU, EFTA, CIS, and China). Thus, Georgia has a competitive advantage over numerous markets in terms of import duties. In addition to simple and service-oriented customs policy and administration, Georgia is a member of Middle Corridor and TRACECA. Georgia is also connected to the EU's Trans-European Transport Networks.

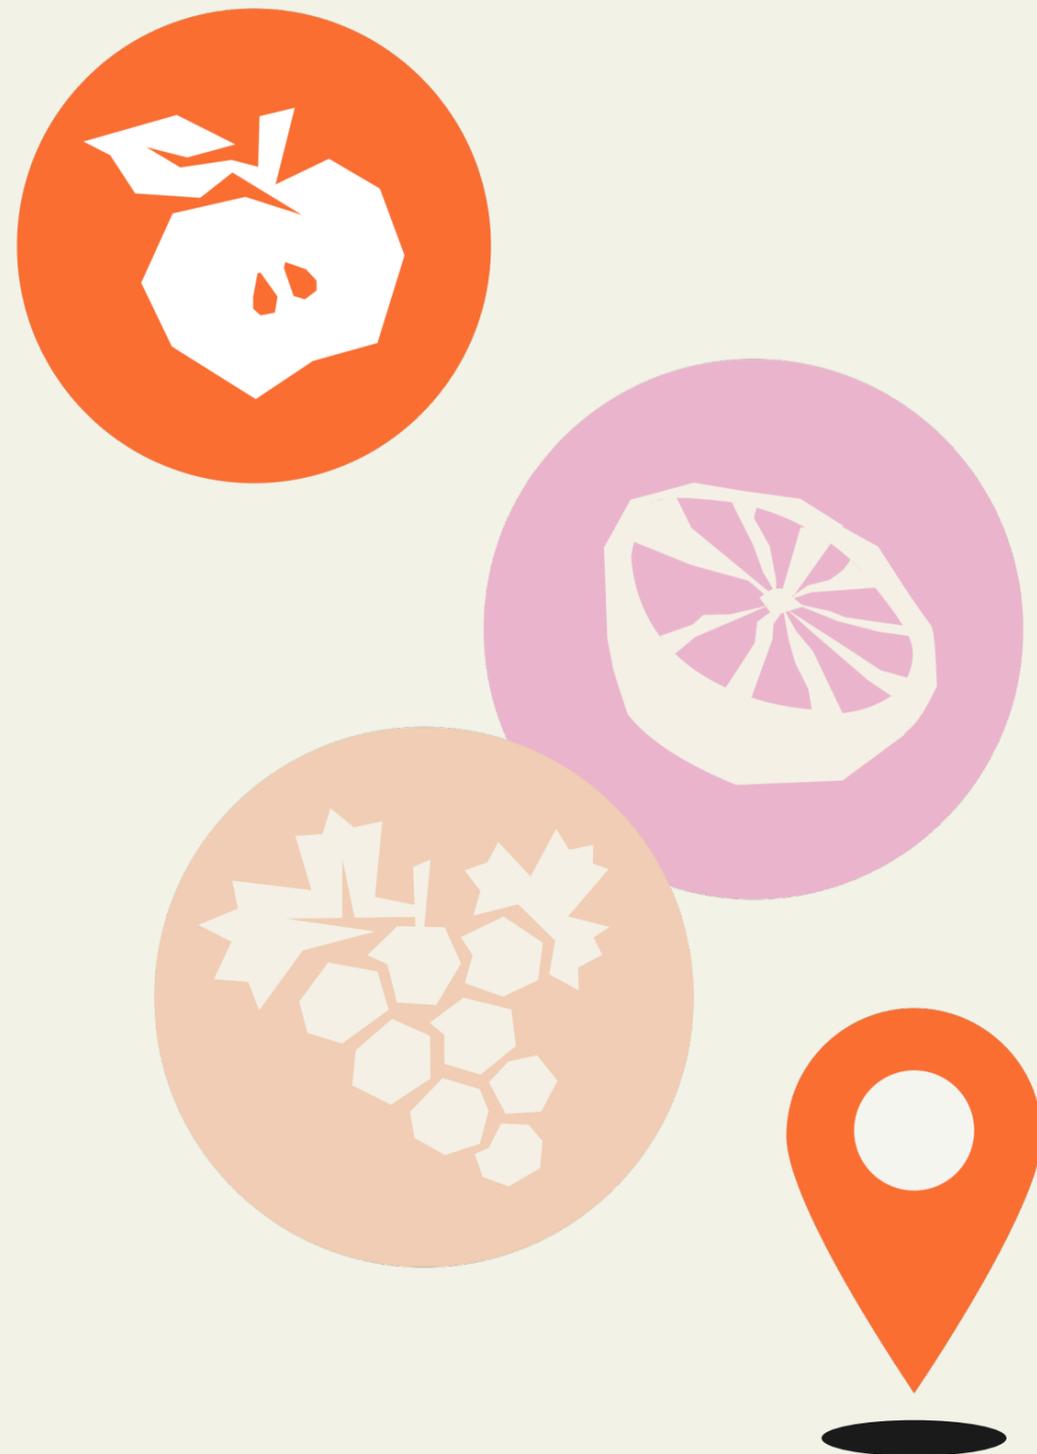

Georgia – trade regimes:

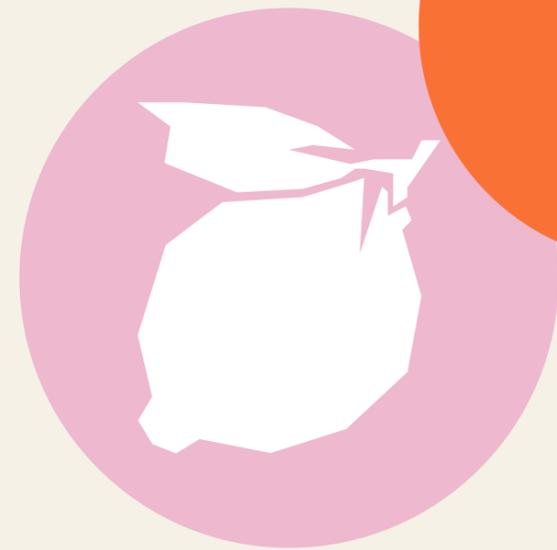

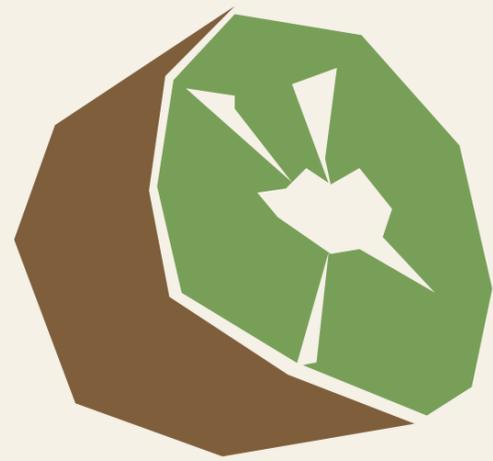

FTA:

- EU
- UK
- EFTA
- CIS
- Turkey
- Ukraine
- China (incl. Hong Kong)
- UAE

GSP+:

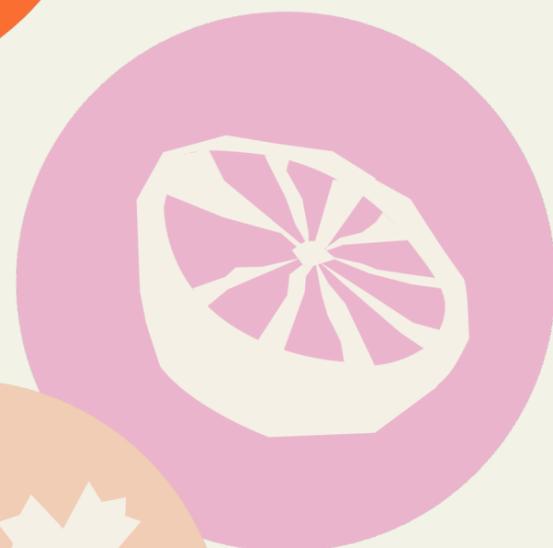

- USA
- Japan
- Canada

Technology

We source fresh fruits and vegetables from local farmers and transform them into delightful Georgian flavors that adhere to international standards. We exclusively utilize premium, top-quality raw materials known for their exceptional taste characteristics. Both the incoming raw materials and the final products undergo a thorough analysis in accordance with industry standards. Our products are pasteurized as we do not use any additives or sugar during the manufacturing process. As we use fresh fruits and vegetables, we have active processing of raw materials during spring and autumn. We create inventories and bottle the final products based on market demand.

The Factory

Our factory is 20 minutes drive from the capital of Georgia, Tbilisi. In addition, it is located in proximity to our key farmers, allowing us to receive freshly harvested fruits and thus enhance the quality of our products. The facility is equipped with modern, European, energy-efficient machinery. Two processes take place in the factory: processing and bottling. Our bottling line is suitable for glass bottles as well as aseptic bags. The factory has an independent source of water and has a license for water bottling as well. The premises were constructed in 2021 and in 2022 the company was granted international quality certificate BRCGS. We are proud that Maisi is one of the few companies in Georgia to receive a BRCGS quality certificate.

Packaging:

In addition to our standard glass bottling, we can produce the juice in various glass bottle sizes, including 750 ml and 1 L, as well as in 10+ L aseptic bags. Please feel free to contact us for further information regarding additional product sizes or packaging options.

Wild Apple

We purchase only handpicked pesticide tested apples from Georgian farmers in Gori. The 100% apple juice from fruit contains only natural sugar available in the apples. Our apple harvest season starts in June and ends in September.

NUTRITIONAL VALUE FOR 100 ML. OF BEVERAGE

<i>Energy value</i>	_____	46 kcal (191 kJ)
<i>Fat</i>	_____	0.12 g.
<i>Carbohydrates</i>	_____	11.5 g.
<i>Protein</i>	_____	0.1 g.

White Grape & Apple

Our next signature blend is Rkatsiteli grapes and Apples. The apples are handpicked by our farmers in the Gori region. The Rkatsiteli grapes are supplied from the Kakheti region during the harvest. You can feel the sourness of apples and the sweetness of grapes in every sip of this juice.

NUTRITIONAL VALUE FOR 100 ML. OF BEVERAGE

<i>Energy value</i>	_____	55 kcal (230 kJ)
<i>Fat</i>	_____	0.5 g.
<i>Carbohydrates</i>	_____	13.8 g.
<i>Protein</i>	_____	0.25 g.

Orange

Our orange juice contains a moderate amount of orange pulp. The juice is made from high-quality oranges and contains no added sugar. With every sip, you can actually feel the oranges. It is slightly sour and resembles freshly squeezed orange juice.

NUTRITIONAL VALUE FOR 100 ML. OF BEVERAGE

<i>Energy value</i>	_____	42 kcal (178 kJ)
<i>Fat</i>	_____	0.1 g.
<i>Carbohydrates</i>	_____	9.04 g.
<i>Protein</i>	_____	0.7 g.

Multi Mix

Multi Mix contains 60% apple juice, 10% orange juice and 30% carrot juice. This juice has a unique taste as the sourness of apples is balanced with the sweetness of carrots. It is an ideally balanced product in terms of vitamins and taste.

NUTRITIONAL VALUE FOR 100 ML. OF BEVERAGE

<i>Energy value</i>	_____	42 kcal (176 kJ)
<i>Fat</i>	_____	0.4 g.
<i>Carbohydrates</i>	_____	10.04 g.
<i>Protein</i>	_____	1.98 g.

Red Mix

Our red mix contains beetroot and apple juice. Beet juice is essential to improve blood flow and it also boosts your stamina and keeps you more energized and active. Together with wild apple juice, it creates a unique blend that will support the daily immune system both for adults as well as children. All ingredients are 100% locally sourced.

NUTRITIONAL VALUE FOR 100 ML. OF BEVERAGE

<i>Energy value</i>	42 kcal (175 kJ)
<i>Fat</i>	1.0 g.
<i>Carbohydrates</i>	10.5 g.
<i>Protein</i>	0.39 g.

Red Grape

Our Saperavi juice is made from handpicked grapes from the Kakheti region. Every year, during harvest period our farmers supply us with the highest quality grapes from the wine region of Georgia. This juice has a solid body and texture. It also is the sweetest juice in our portfolio due to the natural amount of fructose in grapes.

NUTRITIONAL VALUE FOR 100 ML. OF BEVERAGE

<i>Energy value</i>	64 kcal (268 kJ)
<i>Fat</i>	0.2 g.
<i>Carbohydrates</i>	15.9 g.
<i>Protein</i>	0.4 g.

Pomegranate

Packed with antioxidants, it supports heart health, boosts immunity, and revitalizes your body with every sip. Made from handpicked Georgian pomegranates grown in the fertile lands of Georgia, our juice captures the rich flavor and vibrant color of this superfruit. Known for their exceptional sweetness and high nutrient content, these pomegranates ensure a perfect balance of taste and health benefits.

<i>Protein</i>	0.1 g.

Certificates: BRCGS

In 2024, the company successfully completed its annual BRCGS audit by LRQA and met the criteria outlined in the BRCGS Global Standard for Food Safety, achieving an A+ scoring. BRCGS Global Standard is exceedingly rare in our region, and we are honored to adhere to it.

The BRCGS Global Food Safety Standard has established the industry benchmark for nearly 25 years. It has been adopted by over 22,000 sites across more than 130 countries and is endorsed by 70% of the top 10 global retailers, 60% of the top 10 quick-service restaurants, and 50% of the top 25 manufacturers.

FDA

The United States Food and Drug Administration (FDA or US FDA) is a federal agency under the Department of Health and Human Services responsible for safeguarding and promoting public health. Maisi LLC received the certificate in 2023.

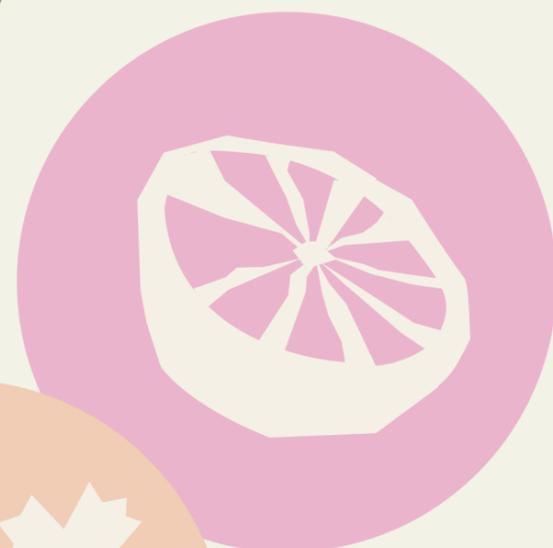

KOSHER

In 2024, Maisi proudly obtained Kosher certification, marking a significant milestone in its commitment to quality and inclusivity.
