

Sample Types Of Packaging

Altıntop Kuruyemis is amongst the long-established companies in dried fruits sector in Turkey, established in 1962 by Veli Tefenlili as a roasted chickpeas workshop in Denizli.

In the early years the company produced only yellow chickpeas, but it has always followed the innovations in the sector and due to the increase in its production capacity and market share without any compensation in its quality and taste, it had undergone a reconstruction in the following years.

Today the company continues its activities in a 25.000 m2 open and 12.000 m2 closed area with its 60 tons/day capacity with its experienced food engineers. We pay great attention and care in all the steps of production starting with the procurement of raw materials to processing, quality control and distribution network to the final delivery of our products to our customers in the freshest state thanks to our experienced managers.

According to the importance we put on human health and nature, we manufacture all our products in a hygienic environment using latest technologies in special ovens and pack them using modern machinery untouched with human hands.

We provide wide packing solutions for our customers like as Pillow, Doypack, Quadro etc. All our products can be packaged and delivered in bulk packages from 1 kg up to 25 kg or in retail packages from 15 gr up to 500 gr according to our customers' request. Beside that we are always ready to meet the packaging demands of our customers with their own Private Labels.

Altıntop Kuruyemis has proved its pioneering role in the sector by establishing and maintaining food safety and quality management system. (BRCGS).

We continue to pay effort to obtain all food related quality certificates with all our latest technology machinery and production equipment.

Our philosophy as Altıntop Kuruyemis is to be a company

- Respecting laws and ethics,
- Making production in a way giving importance to nature and environment,
- Giving importance on the protection of our consumers and suppliers as well as increasing their conscious.
- Assessing human resources in search of superior and high quality products,
- Adopting quality philosophy and participative management

Our aim is continuing to provide new tastes and fresh products to our customers through our large distribution network and agencies in every region of Turkiye and The World.
