## PEDERNALES GREEN

Clean & refreshing, this staple green yaupon celebrates the tranquility of the Pedernales River, which flows over & around huge slabs of limestone, creating a tranquil space to relax & recharge.

## LOST MAPLES MEDIUM ROAST

Smooth & warm, our medium roast yaupon is inspired by Lost Maples, a forest unlike any other in Texas. In the fall, the bigtooth maples don a magnificent array of colors echoed by the caramel notes in every cup.

## MARFA DARK ROAST

This traditional dark roast Yaupon pays homage to the West Texas town of Marfa, where art & creativity converge. Naturally sweet & smooth, it is a perfect hot or iced, & tastes like a black tea.
