## WHY DATES?

Made with premium Medjool dates - the "fruit of kings" - this snack delivers rich, caramel-like sweetness with no added sugar. Medjool dates have a low glycemic index and are naturally high in fibre, helping slow sugar absorption and support steadier energy, especially when paired with protein-rich sunflower seed butter.

With natural ingredients, no added sugar, and a vegan, nut-free, Top 14 allergen-free recipe, it's completely school-safe and packed with nourishing fibre and potassium. A wholesome, smarter alternative to traditional sweet spreads.
