

# Hello. We are The Coconut Company!

We're about coconuts, just coconuts nothing else but coconuts!

Experts in this category, we've been operating for 10 years and BRCGS Grade 'AA' certified. With a sourcing office in Hong Kong, we ensure that our carefully selected GFSI and Organic Certified factories are trusted partners, supply the highest quality coconut ingredients and security of supply is ensured.

We do not work with factories employing unfair labour practices or using monkeys to harvest the coconuts. We ensure every factory is visited on an annual basis to review conditions and meet management face to face. Finally, our friendly UK-based customer service team is second to none.

Just try us for your coconut food ingredient supply chain solution!
