

# MEIKLE TÒIR

PEATED SPEYSIDE SINGLE MALT SCOTCH WHISKY

PRONOUNCED (MEE-KUHL TOR)

## THE ORIGINAL

### AGED 5 YEARS

Guided by revered Master Distiller, Billy Walker, our team is on a 'Meikle Tòir' (meaning 'big pursuit'). The goal: to carefully craft and cask-perfect a peerless peated single malt at our Speyside home, The GlenAllachie Distillery.

'The Original' is our classic single malt that truly champions our peated pursuit. Made with mainland peat from St. Fergus, the flavour contribution is sweeter than that anticipated of coastal peat. With an extended fermentation time of 160 hours, nearly triple the industry average, the whisky boasts flavour-rich, complex character. Aged in a combination of first-fill Bourbon barrels, American virgin oak casks and Rye barrels, the spirit clocks in at 35 PPM.

## THE CHINQUAPIN ONE

### AGED 5 YEARS

Guided by revered Master Distiller, Billy Walker, our team is on a 'Meikle Tòir' (meaning 'big pursuit'). The goal: to carefully craft and cask-perfect a peerless peated single malt at our Speyside home, The GlenAllachie Distillery.

Aged in superior Chinquapin virgin oak barrels sourced from the Northern Ozark region of Missouri, USA, this single malt delivers robust notes of sweet spices and toasted nuts which join the peat smoke. Coming in at 35 PPM, the whisky has a sweeter style of smoke character owing to the mainland peat from St. Fergus used to kiln the barley. After a lengthy 160-hour fermentation, the whisky has a complex character which stands up well to ageing in virgin oak casks.

## THE SHERRY ONE

AGED 5 YEARS

Guided by revered Master Distiller, Billy Walker, our team is on a 'Meikle Tòir' (meaning 'big pursuit'). The goal: to carefully craft and cask-perfect a peerless peated single malt at our Speyside home, The GlenAllachie Distillery.

Expertly matured in quality Pedro Ximénez & Oloroso Sherry puncheons, the casks have imparted rich, fruity notes that mingle harmoniously with warming wisps of peat smoke. Made using mainland peat from St. Fergus, the sweet phenolic content of the whisky amounts to 35 PPM. A lengthy fermentation period of 160 hours results in a fruit-forward spirit that lends itself perfectly to ageing in the finest Sherry oak.

## THE TURBO

2023 EDITION

AGED 5 YEARS

Guided by revered Master Distiller, Billy Walker, our team is on a 'Meikle Tòir' (meaning 'big pursuit'). The goal: to carefully craft and cask-perfect a peerless peated single malt at our Speyside home, The GlenAllachie Distillery.

Taking 'the heart of the heart' of our distillate – the spirit cut which contains the highest phenol content – 'The Turbo' entails an amplified smoky identity. Deploying mainland peat and a lengthy fermentation period, the whisky boasts full-bodied character. The 2023 Release is a combination of three American virgin oak casks and five Oloroso hogsheads. The result is a multi-faceted whisky with a powerful punch of peat, hitting a hefty 71 PPM.
