OIL MILLS (PVT) LTD.

Premium Quality Organic Coconut Products

WHO WE ARE

Waguruwela Oil Mills (Pvt) Ltd

Four Decades of Excellence in Coconut Products with a proud legacy of 40 years, Waguruwela Oil Mills (Pvt) Ltd has established itself as a leader in Sri Lanka's coconut industry. Our journey reflects a steadfast commitment to quality, sustainability, and customer satisfaction.

Company Environment

At Waguruwela, we prioritize environmental stewardship through modern, eco-friendly manufacturing processes. Our commitment to minimizing our ecological footprint ensures a sustainable future for our community and the generations to come.

Premium Coconut Products

We offer a diverse range of premium coconut products crafted from the highest quality materials, sourced from trusted local farmers. Our products include coconut milk, coconut oil, coconut flour and various derivatives, all designed to enhance health and wellness in everyday diets.

Dedicated Workforce and Capacity

Our dedicated team of professionals is the backbone of our operations. With extensive training and expertise, they ensure and maintain high production capacity to meet the growing global demand for our products.

Global Certifications

Waguruwela Oil Mills proudly holds several internationally recognized food certifications, including BRC Food, ISO 22000, USDA Organic, EU Organic, JAS Organic and Halal and Kosher. These certifications reflect our unwavering commitment to safety, quality, and organic practices.

Quality and Health Focus

We are passionate about promoting healthier lifestyles through our products. Our rigorous quality standards ensure that every item we produce aligns with the needs of health-conscious consumers.

Annual Production and Supply

At Waguruwela Oil Mills (Pvt) Ltd, we take a proactive approach to align our production and supply with evolving market trends and customer feedback. By continuously monitoring these dynamics, we adeptly adjust our strategies to meet annual business demands.

This agility not only allows us to balance supply and demand effectively but also ensures that our customers receive consistently high-quality products that exceed their expectations.

Marketing and Exporting

Our strategic marketing and exporting initiatives have effectively positioned us in international markets. We are committed to expanding our global footprint, making our products accessible to customers worldwide.

Join with Waguruwela Oil Mills (Pvt) Ltd as we continue to innovate and lead in the coconut product sector, dedicated to excellence and sustainability for a healthier future.

WE WERE THEN

Waguruwela oil Mills (Pvt) Ltd, is one of the leading Sri Lankan coconut based product manufacturer, which has a history of over 40 years of reliability, quality and customer service excellence, focusing on health oriented products with green concept manufacturing.

WE ARE NOW

The company adopts modern and environmental friendly manufacturing processes and supported by latest laboratory facilities and dedicated staff, to ensure product safety and quality. Our manufacturing facilities acquire well recognized international standards including BRC and ISO 22000 by SGS with UKAS accreditation. We proven our organic farming and production with well recognized organic certificate USDA Organic, EU Organic and JAS Organic. We also offer KORSHER and HALAL certificate for our products.

ORGANIC CERTIFICATIONS

The good health is one inspired by care and guided by knowledge.

We are following the guidance set by the US authority (US Department of Agriculture) for organic farming and manufacturing. Control Union certified, Waguruwela Oil Mills (Pvt) Ltd for the National Organic Program (NOP) of USDA.

The USDA Canadian Organic Certificate allows products certified as organic in the U.S. to be sold in Canada and vice versa, under the U.S.-Canada Organic Equivalency Arrangement. It ensures products meet both USDA and Canadian organic standards

Waguruwela Oil Mills (Pvt) Ltd, certified under (EC) Regulations 834/2007, 889/2008 and 1235/2008 relative to organic farming and processing in the European Union by Control Union. These regulations cover all our activities, processed and unprocessed plant products and all our processing activities.

The Control Union Certificate verifies the sustainability and traceability of products across the industry, ensuring compliance with environmental and social standards.

Waguruwela Oil Mills (Pvt) Ltd certified under JAS (Japanese Agricultural Standard) organic scheme for its farming and production by control union which accredited by the Japanese authority (MAFF). Organic farming and manufacturing is a way of producing food while respecting natural life cycles, it actually reduces the human impact on the environment and operates as naturally as possible without using GMO.

Waguruwela Oil Mills (Pvt) Ltd audited and certified by Control Union Inspection (Pvt) Ltd as BIOSUISSE ORGANIC certified processing facility. We are following guidelines set by Swiss Ordinance on Organic Farming and processing. International Certification Bio Suisse AG (ICB), the subsidiary of Bio Suisse, carries out the certification.

Naturland regards organic competence and social responsibility as interdependent. Social standards are an integral part of each Naturland certified product. Naturland certification standards range from organic food-production, organic aquaculture and etc. We maintain our own standard and procedures to meet Naturland standard.

FOOD SAFETY CERTIFICATIONS

The BRC (British Retail Consortium) Global Standard for Food Safety which benchmarked as GFSI standard. It is a product and process certification standard known for compliance to industry best practices. Waguruwela Oil Mills (Pvt) Ltd achieved its certification by undertaking a third-party audit against Standard requirements which conducted by SGS with UKAS accreditation.

Waguruwela Oil Mills acquired its ISO 22000 certificate by SGS with UKAS accreditation which commonly known as a Food Safety Management System that can be applied to any organization in the food chain, farm to fork.

Waguruwela oil mills (Pvt) Ltd have FDA certificate verifies that products meet U.S. Food and Drug Administration regulatory standards for safety and quality, often required for export of FDA-regulated goods.

OTHER CERTIFICATIONS

Halal is an Arabic word meaning lawful or permitted. When we come to the food, it is the dietary standard, as prescribed in the Qur'an (the Muslim scripture). The Haram is the opposite of halal, which means unlawful or prohibited. Halal and haram are universal terms that apply to all facets of life.

Waguruwela oil mills (Pvt) Ltd certified under Kosher, confirming food products comply with Jewish dietary laws, known as kashrut. This certification ensures that ingredients, preparation methods, and handling practices meet the stringent requirements of kosher standards.

Vegan Certificate confirms products contain no animal-derived ingredients and have not been tested on animals, promoting cruelty-free and ethical practices.

Waguruwela oil mills (Pvt) Ltd have Rainforest Certificate that promotes sustainable forestry practices and protects biodiversity in rainforest ecosystems. It ensures that products, such as timber and paper, are sourced from responsibly managed forests that prioritize environmental conservation and the rights of local communities. By choosing Rainforest Certified products, consumers support efforts to preserve vital ecosystems and promote sustainable land use.

We have Fairtrade Certificate that ensures products are sourced from producers who meet strict social, economic, and environmental standards. It promotes fair wages, safe working conditions, and sustainable practices, empowering farmers and workers.

We have Ecovadis Certificate that evaluates a company's environmental, social, and governance (ESG) performance. It provides a comprehensive scorecard based on criteria such as sustainability practices, labor rights, ethics, and environmental impact.

We have amfori BSCI Certificate that signifies a company's commitment to ethical trade and responsible supply chain management. It is based on a code of conduct that promotes fair labor practices, safe working conditions, and respect for workers' rights across global supply chains.

WE DO CARE

Environment

All measures are taken to ensure an unpolluted environment during the production. Reforestation projects, organic farming, educating the local farmers in this aspect have been started, while following national and international standards such as Rainforest to protect and preserve the environment with the green concept in mind.

People

Our most precious resources are our employees and customers. By providing many facilities and welfare programs to our employees and families such as supporting the children of employees with school equipment and education, excursions, Annual new year and Christmas parties, salary increments, training with health camps and other day to day facilities such as transport, meals uniforms and medical facilities, and also customer satisfaction, keeping in mind that the value of people far exceeds the cost.

Business Ethics

During the journey of Waguruwela mills spanning over four years we have followed the five concepts of diamonds making our institution shine, trustworthy, care respect and fairness to all. Going beyond the concept of a farmer or a manufacturer or exporter we introduce values, quality products coupled with customer care and excellence. While professionally we are guided by Quality, and business ethics is our passion.

- 25kg

ORGANIC COCONUT CHIPS ROASTED

PRODUCT

Organic Coconut chips- roasted are longer, wider pieces of coconut. The strips of coconut are roasted in an oven until they are dry and crisp, with a texture that is more similar to a potato chip.

INGREDIENTS

Organic coconut white kernel

PROCESSING

Coconut Deshelling, Pairing, White Kernel, Disintegrating, Blanching, Cutting, Drying, Packing

ORGANOLEPTIC PROPERTIES

Uniform color, medium brown to light golden brown, shading to white at outer edge, Distinct aroma of coconut, roasted coconut flavor, not rancid, Mild and sweet taste, no off-flavors, Strips of coconut are dry and crispy, Light toast
