# WELCOME TO THE WORLD OF PERFECT INGREDIENTS!

We are a Polish wholesale manufacturer with 23 years of experience in the market. We supply customers from all over the world with high-quality seeds, spices, grain preparations, herbs and groats.

Our portfolio includes nearly 90 product items, of which the key products are: parsley, white mustard, coriander, flaxseed, caraway, millet and buckwheat.

## Top 10 products:

White mustard

Coriander

Dill

Thyme

Golden linseed

Coriander

Black mustard

White buckwheat hulls

Spicy mustard

Parsley leaves

## PLÓWCE DRYING PLANT

PRODUCTION OF MORE THAN **500,000**

**TONNES** OF PARSLEY PER YEAR.

In one shift, we are able to process about **50-60 tonnes** of wet raw material, from which we obtain **4-5 tons** of finished product.

## STERILISATION OF RAW MATERIALS

For the benefit of the client, we have two steam sterilisers, which perform the full range of operations on bulk products.

## CRYOGENIC MILL

Effective grinding with the use of liquid Nitrogen.

## HIGH SECURITY LEVEL WITH X-RAY

Meyer X-ray inspection machine for bulk food, is an intelligent machine widely used in the sorting and detection of spice seeds, cereals, and other bulk materials. Meyer X-ray inspection machine always provides customers with effective, professional, and comprehensive inspection solutions. It can detect SUS ball, SUS wire and glass in the final food. By introducing innovative detection technology to X-ray inspection machines, Bromex ensures the high final safety and quality of food is grains.

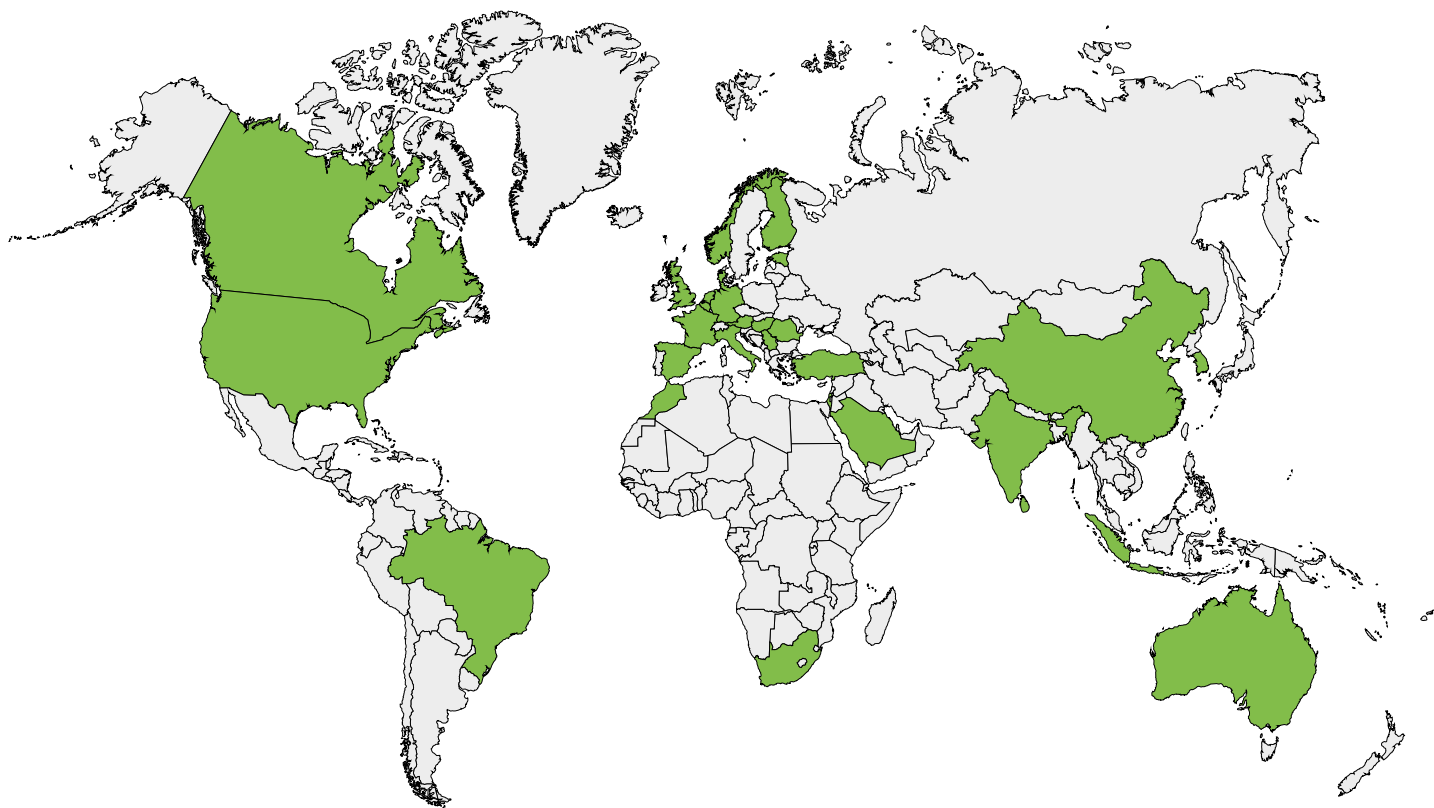

We deliver a product that meets individual requirements, including fineness, purity, absence of allergens and type and size of packaging. We maintain strong quality standards for BRC Food, Eco, Halal and Kosher.
