

# TAYPORT DISTILLERY FACTSHEET

## WHO ARE WE?

Tayport Distillery is renowned for its exceptional range of premium gin, vodka, and liqueurs. With over eight years of experience, we distinguish ourselves by crafting all our spirits from the ground up, using locally-sourced fruit and grain. Nestled in the heart of Fife, our distillery benefits from Scotland's most abundant berry and grain-producing area, granting us access to the finest ingredients. Our commitment to using real fruit and grain ensures that only the best flavours are captured. We offer a guarantee against the use of additives, concentrates or artificial flavourings.

## PREMIUM SPIRITS

In the evolving spirits market, consumers are trending towards premium, well-crafted products. Tayport Distillery leads this shift, offering a selection of spirits that embody exceptional quality and flavour. Our commitment to quality meets the demands of modern consumers who prefer fewer but superior drinks which emphasise flavour, purity, and craftsmanship. Adding Tayport Distillery's spirits to your collection positions you to deliver for the consumer seeking a high quality product at a reasonable price.

## SPIRITS FOR COCKTAILS

As the cocktail trend thrives, enthusiasts seek top-quality ingredients to enhance their creations. Tayport Distillery meets this demand with its premium spirits collection, essential for an exceptional home and on-trade cocktail experience. Our meticulously crafted range, from 5cl to 70cl, offers diverse flavours, perfect for exploring both classic and contemporary cocktails. The foundation of a memorable cocktail is the quality of its components. Tayport Distillery's spirits enable customers to recreate sophisticated bar experiences at home and behind the bar. By choosing Tayport Distillery, you provide customers with the means to craft cocktails with superior taste and quality.

## SUSTAINABILITY

At Tayport Distillery, our commitment to sustainability shapes our operations, reflecting our dedication to environmental practices. We prioritise sustainable practices, significantly reducing our carbon footprint through responsible ingredient sourcing and waste reduction. Utilising "waste berries" within 10 miles of our distillery supports local agriculture and avoids artificial flavourings and factory made concentrates minimising our environmental impact. Our waste recycling efforts include transforming pot ale into biogas, repurposing spent grain as animal feed, and using Forest Stewardship Council certified packaging. Additionally, we recycle cooling water and prioritise energy-efficient equipment, underscoring our commitment to eco-friendly practices. By supporting Tayport Distillery, you champion a brand that merges premium quality with environmental respect, contributing positively to our planet.

## LIQUEURS

Our liqueurs are 'made by hand' using only premium ingredients. The coffee liqueur, featuring a special blend from Aimers of Dundee, delivers a deep, rich taste. Our fruit liqueurs, made with real fruit rather than factory concentrates, offer a natural, authentic taste, preserving essential flavour compounds which carry over to the aroma and mouthfeel. Without preservatives or additives, we ensure a clean, genuine fruit taste. This commitment to quality has been recognised with numerous awards.

## VODKA

Experience the highest standard in vodka quality with Tayports premium collection. Our Malt Barley Vodka, distilled from Scotland's finest whisky grains is unique. It showcases subtle sweetness and a light biscuity touch with hints of caramel and vanilla. Expertly balanced at 40% abv, it's a smooth, sophisticated taste with gentle heat and soft mouthfeel. It has been recognised at an International level as one of the Worlds Best Vodkas.

## GIN

Our Wild Rose and Scots Pine Gin collection, each embodying the essence of some of Scotland's unique botanicals. Wild Rose Gin offers very subtle floral notes alongside vibrant juniper and citrus, perfect for a refreshing gin and tonic. Scots Pine Gin, inspired by one of Scotland's oldest trees. Its character has been described as comforting cinnamon and orange peel aromas, underpinned by bold evergreen and juniper notes.
