TEA BIRD TEA SCALABLE SUPPLY

We blend & pack only organic raw materials at our factory & hand pack our tins so we can ensure excellent QA is integrated into our production process.

We provide per packed product pre-shipping reports with photographed products to ensure every unit leaves the factory in retail ready, customer perfect condition.

In house scalable capabilities 28,000 tins per mth – we have a trained part time team for fast upscaling as and when needed increasing our monthly delivery to 55,000 tins per mth.

We maintain preprinted stocks levels of 50,000 units of tins & 15,0000 units of refill packs to support our BAU activity in Malaysia, Singapore, Japan & new distributor, stockists contracts.

As we are based in Malaysia we can easily work closely with our raw material suppliers, often we are pricing & discussing new ingredients with them on a daily basis.

In addition hot of the press!

We have agreed an upscale partnership right at the source of our organic raw materials. We have worked closely with them for 2 years now so its exciting to be able to agree this scalable production advantage to increase our organic range output.

With our Tea Estate partnership we can now produce 10 X 20ft Containers per mth with a 25 day ship time to London
