# Trusted hardware solutions from Safeware

- Competitively priced hardware to suit every application
- Over 2,500 proven, tested and accredited product lines
- From more than 70 trusted supply partners
- Distributing over 12 million components annually
- Streamlining and simplifying fabricator supply chains

**35 YEARS**  
**of experience and reliability**

Safeware has been supplying window and door hardware for more than 35 years, so our name comes with a reassuring track record.

# A bespoke and personal approach that adds value

Our team has an impressive hardware pedigree – and a focus on value-added service and support. We work proactively, partnering with you to understand your requirements and providing the hardware solutions that meet and exceed your expectations. Our service even extends to developing bespoke product solutions that answer your unique needs.

## Bespoke hardware solutions

For a unique competitive advantage.

## 1-to-1 service & technical support

From a hardware partner who's with you every step of the way.

## FREE next-day delivery as standard

Order over £500 before 12 noon.

“

The attention to detail is superb. They personally visit our site during hardware upgrades to ensure everything is perfect before we begin production. This level of support eliminates any uncertainty about compliance, which is why we trust Safeware for all our window and door hardware needs.

”

**Marc Rotherforth**  
Managing Director, All  
Weather Roofline

# A consultative approach that adds value

A good hardware supplier offers more than just the right products at the right price.

It's why we get to know you, your business and your unique requirements so we can provide the solutions you need, meeting and surpassing the specification every time. Our decades of experience mean we can

offer valuable input and solve the most demanding technical challenges.

At Safeware, we're not satisfied with being just a service provider. Our priority is to listen, understand what's important to you, and deliver reliable, strategic solutions that drive your success.

## STEP 01

We visit you in person to thoroughly explore your needs, goals, and the obstacles you are facing.

## STEP 02

With a clear understanding of your requirements, we shift our focus towards identifying exactly the right products and solutions to address your specific needs.

## STEP 03

Utilising our industry experience and technical knowhow, we leverage our strong supplier relationships to deliver tailored solutions that meet the brief.

## STEP 04

When you're satisfied, we test every product in-house; then again with an independent UKAS-accredited test facility. Finally, our technical experts will oversee every aspect of your factory fit-up.

## Intelligent, bespoke solutions

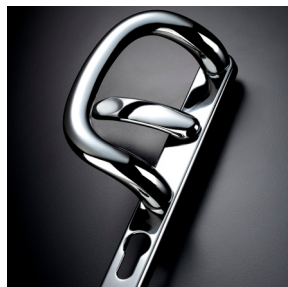

Our in-house technical expertise and strong partnerships with our supplier partners mean we can develop bespoke hardware innovations for our customers.

Door cylinders

Window handles

Patio door handles

Bifold handles

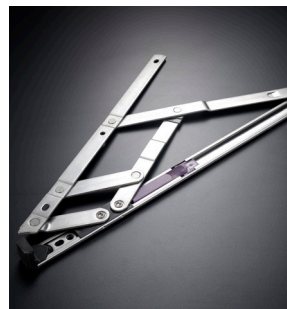

Door hinges

SensCheck smart security

Multipoint locks and keeps

Friction hinges

## Class-leading brands

Whatever the demands of your project, and no matter which PVC-U or aluminium system you use, Safeware has the answer.

## Independently tested & accredited

Because compliance is an essential element of doing business, we've got you covered.

Every hardware product we stock is indicative tested in-house and then independently tested by a UKAS-accredited facility.

# 1-to-1 technical support

We are committed to delivering the very best support. No matter which window systems you're working with, or the obstacles you're facing, we have the technical support, resources and expertise to help you.

What truly sets us apart is our people; you'll find their commitment, experience, and dedication are unparalleled, no matter what you've experienced before.

“

Because Safeware tests everything they offer, we don't have the hassle and complication, and the significant cost of having to do so ourselves. It's a huge benefit for a small fabricator like us to be able to offer Secured by Design on our windows and doors.

”

**Chris Wells,**  
General Manager at Astraframe Ltd

## Tailored marketing support

As a Safeware partner, you get much more than class-leading hardware; we're committed to supporting your business with practical tips and advice on marketing opportunities.

You'll have easy access to professional product literature and showroom materials, giving you everything you need to elevate your hardware offer.
