# SMART-SHOWER

## Your customer portal for shower design & ordering.

The Smart-Shower Ordering Portal lets your customers design, quote and order their showers from anywhere. Build customer loyalty by giving them a tool that will save them time and help them sell more, while using only your hardware, clearances and cutouts.

# DESIGN MORE

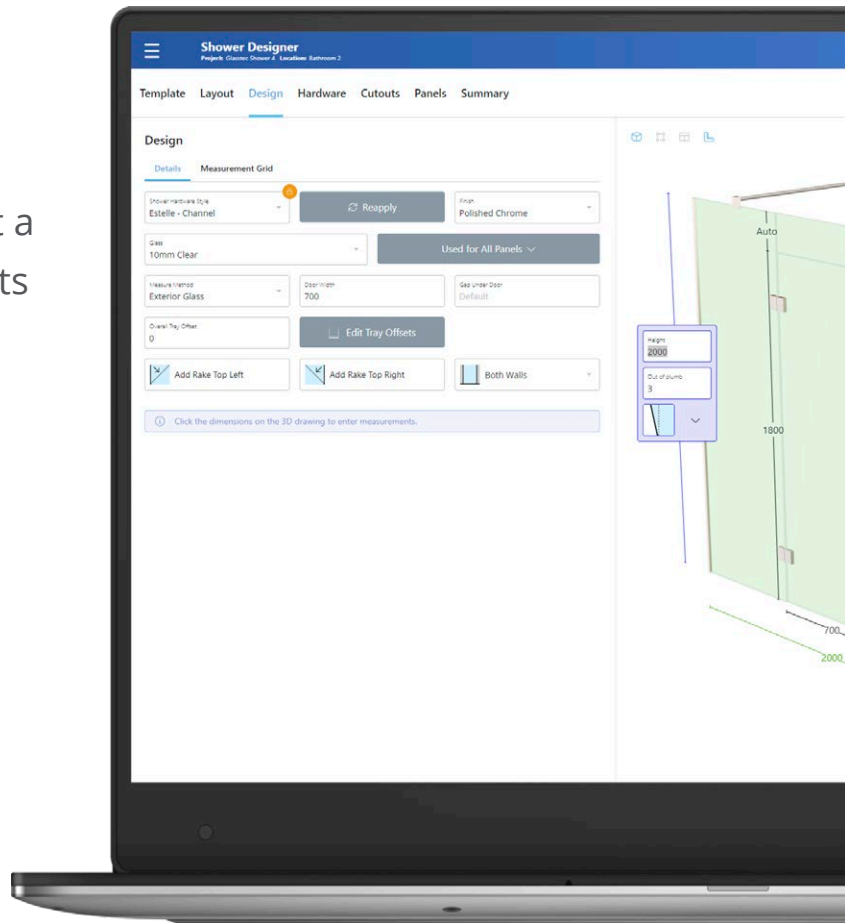

## Easy-to-use tools.

Your customers will be able to design a shower using your hardware in minutes.

Smart-Shower is fast. Users select a template, enter site measurements and select your hardware.

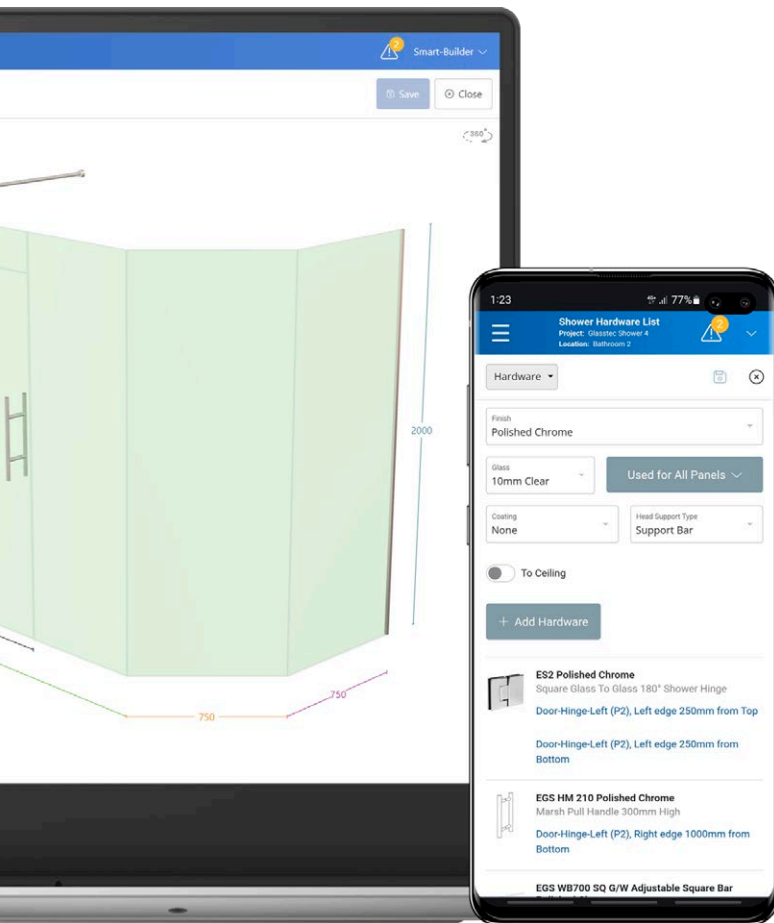

Give them an easy-to-use tool and customer's won't want to try anything else.

Stand out from your competitors and build customer loyalty with Smart-Shower.

# BROWSER-BASED

Works on PC, Mac, tablet & phones.

Our system is built with the Glazier in mind, it is easy to use and they can login from their phone, tablet or laptop.

It includes responsive design, so it resizes to fit key information on the screen.

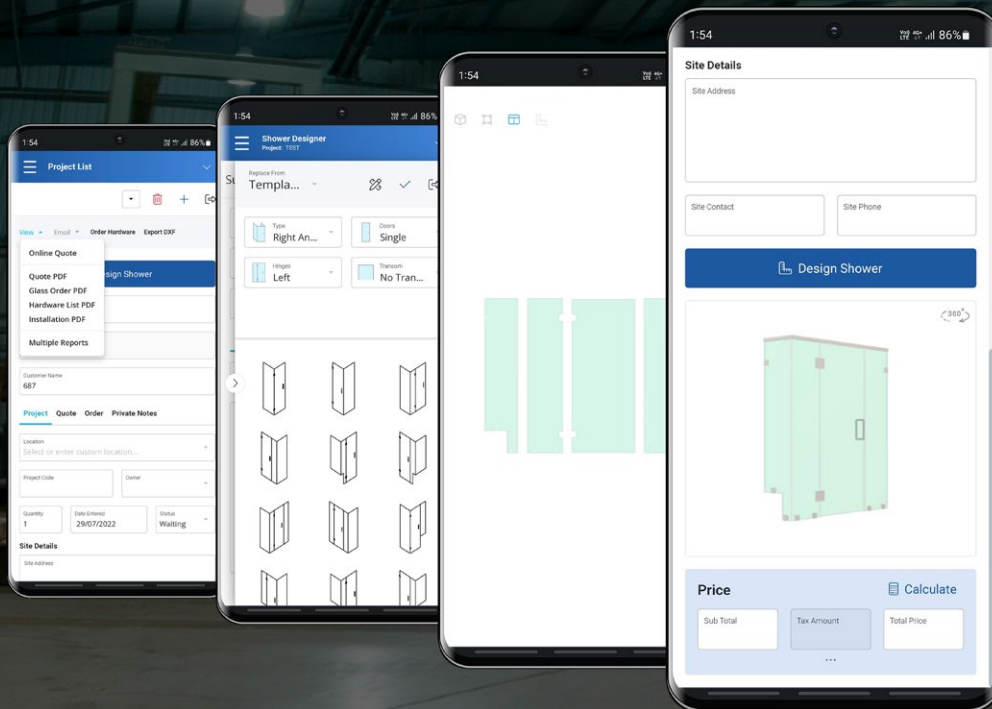

Make it easy for your customers to start designing and selling more showers with **YOUR** hardware today!

# YOUR CUSTOMERS

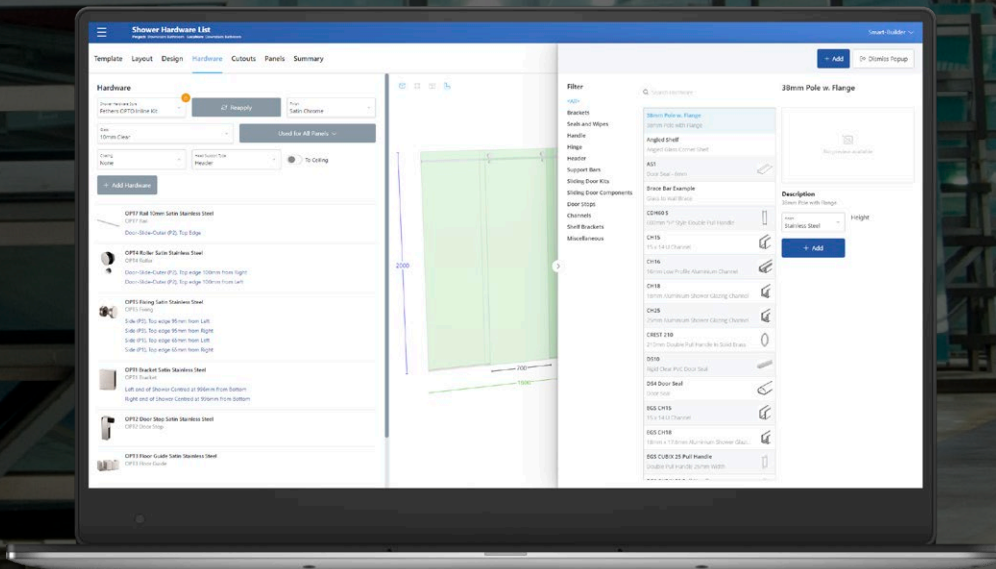

Smart-Shower is easy to distribute to your customers. Each customer can have their own login and pricing loaded. This makes it a very low-risk and scalable solution for your business.

Smart-Shower includes warnings and reminders to ensure your hardware is used correctly. Your customers will be able to design more showers in less time and will make fewer mistakes.

# YOUR HARDWARE

We setup Smart-Shower with your hardware. It's customised to use your cutouts, deductions and technical information. This makes it very easy for customers to use your full range and be successful with all items, finishes and styles.

## Quickly update hardware

Smart-Shower can be updated to include your new hardware as it comes to market. Users can try out designs using these new options and see how they work, making adoption much faster.

# COMPLETE PACKAGE

---

## They sell more showers, you sell more hardware.

Impress your customers with a tool that will allow them to design showers faster than CAD or paper. They'll instantly have impressive, interactive, 3D, full colour quotes, as well as detailed glass drawings with accurate costings.

Smart-Shower helps thousands of glass businesses sell more showers. Your customers will be thanking you for providing them with a tool they'll use in their business every day.

It's win-win. Smart-Shower is a cost-effective way that both you and your customers can get more out of your businesses. Their success will be reflected in yours.

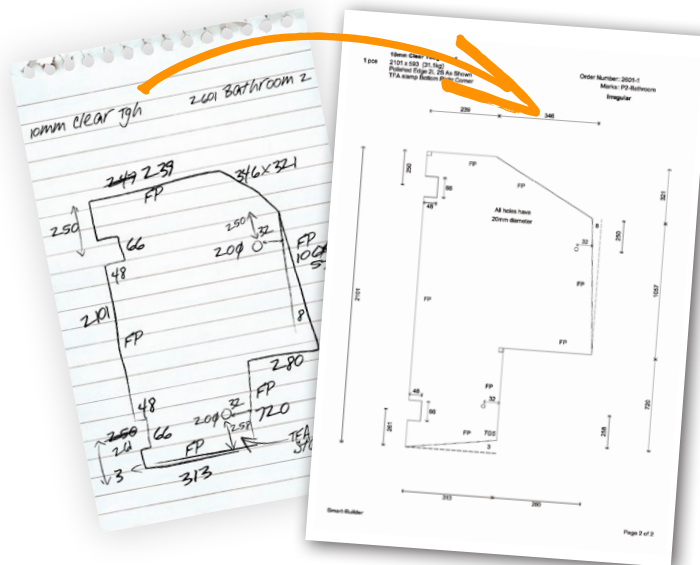

**Smart-Shower has everything you and your customers need.**
