Dedicated to external shading for over 35 years, Caribbean Blinds have been manufacturing and supplying the trade with luxury external shading systems, that deliver genuine lifestyle enhancing and energy saving benefits, combining streamline looks and cutting edge design, with strength and durability to ensure they stand the test of time. Our products can be seen adorning the façades and gardens of discerning homeowners and businesses around the country.

Did you know:

- we have the capacity to produce in excess of 10,000 external shading systems every year!
- 80% of consumers want to buy British made.

All products are proudly manufactured at our factory in Sudbury, Suffolk by our team of highly skilled technicians and state of the art machinery, to your exact specification and the very pinnacle of precision, ensuring they offer a superior specification to all others on the market.

Every product is set up for a quick and easy installation and is rigorously tested to meet or exceed stringent quality & safety standards, backed with an industry leading guarantee, upto 5 years, for peace of mind.

We offer a manufacture timeframe of less than 2 weeks on all our core products, even in peak season along with a comprehensive range of sales aids including product brochures, sample kits and in store displays to help you win more sales!

SOLUTION DYED SATTLER ACRYLIC

Choose a fabric that won't fade

Our Fabric

Colour pigments are infused all the way to the core of the fibre ensuring the colour stays true.

Other Brands

Pigments penetrate just the outer surface of the fabric, therefore these fabrics will fade over time.
