MADE IN ITALY

Producers since 1978

A STORY SYNONYMOUS WITH ASSURANCE AND QUALITY.

The company was founded in 1978 in Gussago (Brescia) as a small artisan workshop that produced fruit juice concentrates and teas using only the best, carefully selected ingredients. This is where the Antico Eremo story began. Within a short time, the company expanded its offering, specialising in the production of powdered and liquid mixes for hot and cold drinks such as ginseng, flavoured cappuccinos, teas and herbal teas, bases for ice creams, slushes and sorbets. In the years that followed, the company's production capacity increased. Thus, the need arose for a new facility able to keep up with market demands. In 2011, a new headquarters was developed to cater to this need. Thanks to a broad range of recipes, flexible and quality products, over time Antico

Eremo has become a partner and co-packer of numerous companies in the Ho.Re.Ca., industrial and ice cream markets. At the same time, in response to increasingly complex market demands, the company has honed its skills and experience in the development and production of soluble and other mixes, proposing a broad range of powdered and liquid products. These include chocolates, teas and herbal teas, ginseng coffee, hot and cold creams, dessert mixes, bases for slushes, milkshakes, sorbets and syrups. Today a market leader, recent developments include the introduction of new vertical packaging machines for the production of single-serve and jarred products, in addition to the opening of new production departments.

Milkshake, Topping, Everyday Syrup

Powdered milkshake mixes for discerning clients looking for high-quality ingredients, carefully selected raw materials and a ready-to-use product available in convenient jars.

Delicious toppings, ideal for garnishing all your desserts, ice creams, smoothies and drinks with an intense, velvety flavour, made with authentic raw materials of the highest quality.

We craft our flavoured syrups as the ideal ingredient for hot and cold drinks. We combine creativity and versatility with traditional flavours such as vanilla, hazelnut and caramel alongside dessert-inspired amaretto and spicier aromas such as ginger and cinnamon.
