Elizabeth Shaw®

Elizabeth Shaw®

A signature taste since 1881.

First crafted in 1881, the Elizabeth Shaw Mint Crisp remains one of Britain's most enduring chocolate favourites. This unique combination of rich dark chocolate and crisp honeycomb infused with mint was pioneering in its day — and still sets the standard for premium after-dinner treats.

Loved by generations, the Mint Crisp delivers timeless quality, standout flavour, and nostalgic appeal — all in a refined format perfect for gifting, sharing, or personal indulgence. It's a proven seller, with strong brand recognition and a loyal customer base.

While trends come and go, the Mint Crisp continues to thrive — a true British classic with modern relevance, offering consistent performance on shelf and a premium experience consumers return to time and again.
