REDEFINING PREMIUM QUALITY

Mulwarra Prime Lamb stands as a beacon of **premium quality, consistency and reliability** within the global meat industry.

Sourced from the lush, fertile pastures of Victoria and broader Southeastern Australia, Mulwarra Prime Lambs are the result of generations of **careful breeding and selection**.

Raised in **pristine grazing environments** renowned for ideal lamb-rearing conditions, our lambs are nurtured to achieve optimal growth, producing meat that is naturally **tender, flavoursome, and of exceptional eating quality**.

*Mulwarra is a native
Australian word meaning
“A man that always has meat”*

THE ART OF PRECISION

FROM PASTURE TO PLATE

At Mulwarra Export, we believe that true quality begins at the source.

Our lambs graze freely across green, open pastures, allowing nature to do what it does best, delivering **superior texture and flavour** in every cut.

This commitment to quality continues beyond the farm gate.

Mulwarra lambs are processed at two of Australia's foremost processing facilities, both equipped with **advanced technology** and rigorous **quality assurance** systems.

Every cut is accurately graded to meet the exacting standards our customers expect, ensuring **consistency from carcass to carton**.

Precision sits at the core of Mulwarra's promise.

By carefully targeting carcass weight ranges of 22–26kg+, we ensure our lamb meets the distinct needs of every customer and market.

This focus allows us to offer flexible packing options and **exacting specifications**. From premium cuts to customised packaging solutions, Mulwarra Prime Lamb is crafted to meet your requirements with **consistency, confidence and uncompromising quality**.
