

## Mulwarra Prime Lamb

Mulwarra Prime Lamb stands as a beacon of premium quality, consistency and reliability within the global meat industry.

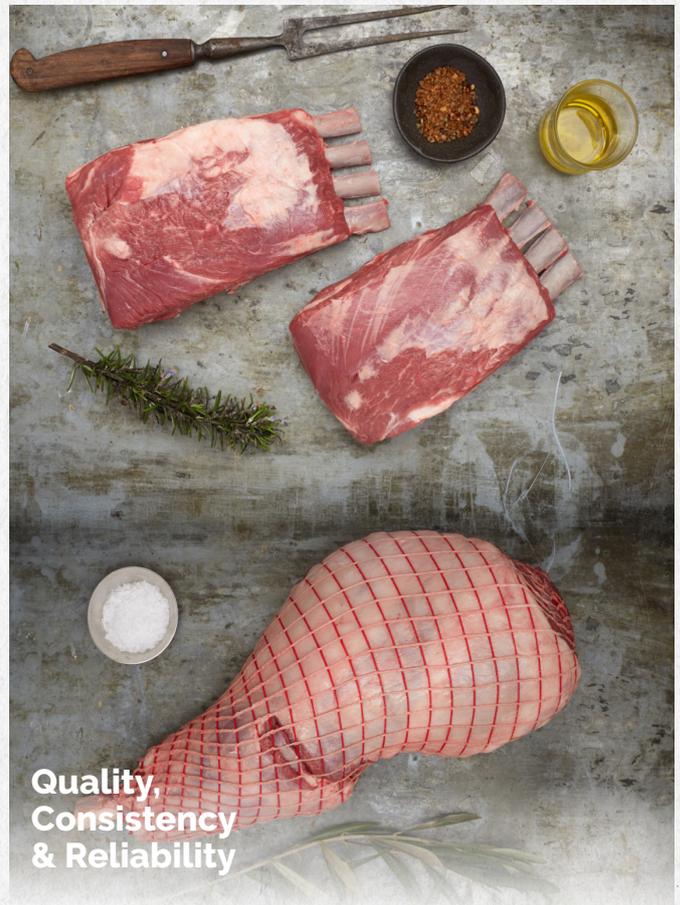

Sourced from the lush, fertile pastures of Victoria and broader Southeastern Australia, Mulwarra Prime Lambs are the result of generations of careful breeding and selection.

Each lamb is nurtured in an environment that promotes optimal growth, ensuring that only the finest cuts make it to your table.

- Selected Genetics - Minimum second cross Prime Lambs
- Grass Fed & Ethically Raised
- Strict Animal Welfare standards
- Antibiotic & Hormone growth promotant free
- Tight production specifications and leading technological standards.

Mulwarra Prime Lamb is packed under stringent quality assurance systems using the most advanced equipment. Foremost standards ensure the most accurate grading and a consistent product year round.

Mulwarra works within a tightly controlled 22-26kg carcass and 26kg+ range, offering flexible, market-ready packing solutions and exact weight and cut specifications.
