

CLEVERGOOSE®

**HR guidance in your pocket.
Simple to follow, a relief to use.**

Presentation to Big Company Limited

Introduction

We understand that the role that your managers play is crucial in maintaining seamless operations, ensuring the quality of service to your clients and supporting the overall strategic aims of your organisation.

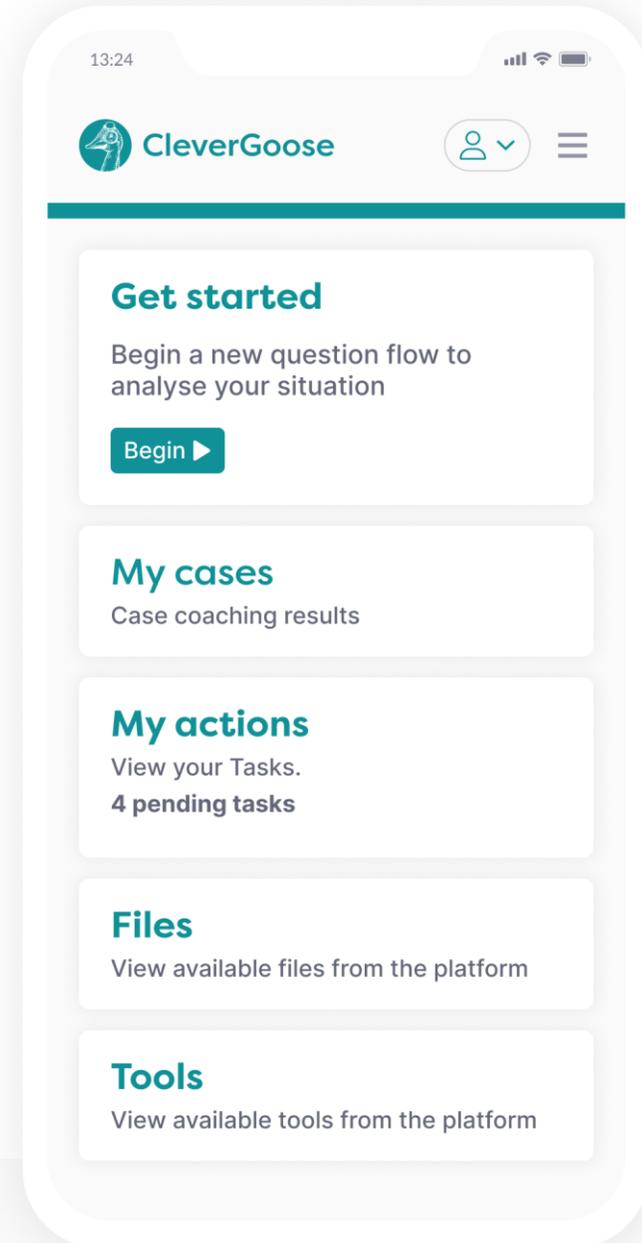

Your management teams face the daily challenges of balancing operational demands with cost efficiency and compliance and we appreciate that what they need most when it comes to managing their people is simple and easy to navigate HR guidance.

We will show you how CleverGoose will support that approach and give your team a reliable and pragmatic way of navigating HR issues.

What is it?

CleverGoose is a **support platform** which has been created to help guide managers and supervisors through HR and people processes.

- ✓ It is simple to navigate and gives step by step support.
- ✓ The guidance is always based on the most up to date legislation, so you can be confident that the steps you are taking are the right ones, (handy given that there is lots of change coming our way!).
- ✓ Imagine the relief, knowing all of that is covered.

Simple, smart, scalable

Get started quickly

Set up effortlessly and begin streamlining your HR tasks in minutes.

Real-time assessments

Monitor HR processes instantly to stay ahead of any emerging issues.

Fully supported

Pricing plans

We've got a pricing plan to fit every business, providing you with the features you need to empower your managers.

- + Additional ad hoc in person support £60 + VAT per month for up to an hour of advice (complex cases and HR sounding board).
- + Minimum 12 month sign up
- + Training & Onboarding costs circa £1,500. Onboarding included if 24 month sign up.

Success stories

IMPACT FOOD GROUP

In year two of working in partnership, they increased revenue by £18 million and not needed to add in more HR resources. Tribunals decreased by 80%.

Our journey with CleverGoose has proven the power of technology in making the lives of our operational teams easier and more productive.

Richard Taylor CEO

BTC HOSPITALITY

They are dispersed operation where the emphasis is on having managers equipped to deal with HR matters directly.

CleverGoose has revolutionised the way that our group of businesses now approach HR. Visibility of procedural HR has never been better in our business than it is right now.

Sam Shutt Group CEO

FAQs

Can CleverGoose integrate with my HR/payroll systems?

Clevergoose is open to new relationships and has an open API just for that. Speak to your providers to find out if they would be up for it. Alternatively – and if you prefer to keep things old school, you can link to an excel document. There would be an additional cost depending on the amount of work needed.

Is there a minimum sign up?

Yes, this is 12 months.

What happens if I still want to speak to someone to get advice?

We have an add on service where you can do just that – just let us know or select the in person support option when you sign up.

How do I keep my information secure?

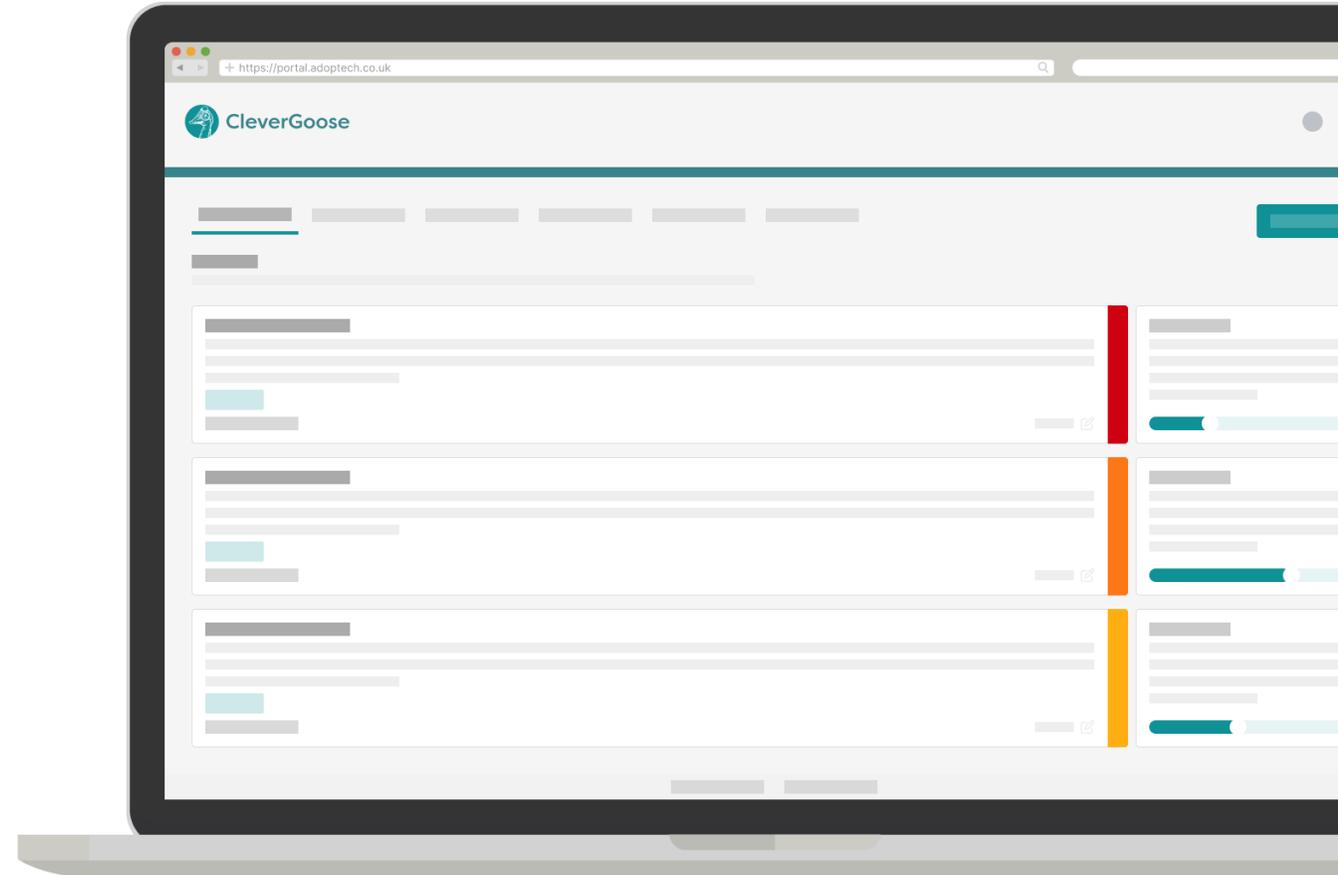

Firstly, don't share your log in details with anyone. Don't leave CleverGoose open on a screen and walk away. Have a robust process that removes leavers from the system immediately. Agree company protocol for how case names are decided, using initials rather than full names for example.

What happens to their data if a user leaves?

Users when deleted become inactive but don't disappear. So whilst they can't access the system, their data remains available.

Next steps...

- ✓ Demo sessions to get you familiar with the system
- ✓ Help on hand for questions as you start to use the platform
- ✓ That's it. Bob's your Uncle.

Thank you!
